LASTED SHORT TIME.

The storm lasted only a short time; in fact it was over so quickly that people hardly had time to realize what had taken place, and thousands had almost a miraculous escape from death.

Buildings only a block from the path of the storm were injured only slightly. The first intimation that those outside of the storm zone had of the disaster was when three girls who had escaped from the wrecked telephone exchange belonging to the government telephone lines appeared at a newspaper office and told their experiences. The young women fell from the second floor of the telephone building to the basement, carried down by a 15-ton switchboard.

WORK OF RESCUE.

Soon hundreds of willing hands began the work of rescue, which will not be finished before tonight. The electric light plant supplying the city was put out of commission when the storm struck.

Many freaks of the wind are shown. The roof of a factory building was carried three blocks and crashed through a handsome residence. Four livery stables were demolished and every horse in each of them was killed.

The escape of 75 girls working in the telephone exchange was probably the most miraculous of any. The building was completely demolished. It

Patient Goes Insane; Tries to Kill Doctor

SAN FRANCISCO, July 1.—Z. Cafiris, a patient at the Detention Hospital, became violent while being examined by Dr. C. W. Wadsworth shortly before noon, attacked the physician in his cell and was subdued only after a hard struggle. Cafiris had been a patient at the institution for several days and was considered harmless. Dr. Wadsworth has been making a daily examination and was unprepared for the sudden attack made upon him. Steward Camoose went to his aid and the man seized his arm and twisted it until it almost snapped. Several citizens were called from the street and the man was finally placed in a straight-jacket. First Break of Day Comes in the 28th When Marshall Loses 29 Votes to Governor; Long Session Is Looked For

Nebraskan Denounced From Platform by Murphy Man; Branded "Money-Grabbing, Favor-Hunting Marplot and Plutocrat," in Bitter Arraignment

BALTIMORE, July 1.—A recess was taken by the Democratic national convention today until 8 p. m.

Thirty-fourth Ballot—Wilson 479½, Clark 447½, Underwood 101½, Harmon 29, Kern 2, Foss 28. Absent 1.

BALTIMORE, July 1.—Woodrow Wilson became the leading candidate for the Presidential nomination before the Democratic National Convention late this afternoon. He passed Champ Clark on the thirtieth ballot, getting 460 votes against 455 for the Speaker. Wilson had been gaining steadily and went into the lead amid a great demonstration by his adherents. Eight ballots weve taken up to 5:30 without a nomination.

On the thirtieth ballot the Vermont delegation dropped Governor Foss of Massachusetts and went into the Wilson fold. Iowa, which had been voting solidly for Clark, split—14 for Wilson and 12 for Clark.

Progressive leaders, canvassing the field for an available man to break the deadlock in the event of failure to nominate Governor Wilson, seriously considered Representative A. Mitchell Palmer of Pennsylvania. After the thirtieth ballot showed Wilson in the lead, the Wilson forces were hopeful of success.

ILLINOIS REPORTED READY.

It was reported that Illinois soon would go to Wilson, but many believed that he would have difficulty in getting the necessary two-thirds to nominate.

Palmer has been active in the progressive camp and has voted throughout for Governor Wilson. He is a member of the Ways and Means committee of the House of Representatives and the father of the economy resolution which was passed when the Democrats gained control of that house.

Seven ballots, taken by the Democratic National Convention up to 1:30 p. m. today failed to nominate a candidate for President. The day added two or three sensations to the Democratic list. Wilson [illegible]

thirty votes heretofore cast by Indiana solid for Governor Marshall going for Wilson and one for Kern. Wilson's total was swelled to 437½, making him a close second to Clark, who still clung to his lead with 468½.

The convention resumed balloting at 11 o'clock with a vast throng in attendance and intense interest prevailing in the outcome of the unprecedented deadlock.

The twenty-seventh ballot showed little change from the last vote Saturday night. The Clark and Wilson forces remained intact, the changes being few and not decisive.

BRYAN IS DENOUNCED.

Another sensation was added during the ballot, when John B. Stanchfield, speaking for New York, denounced W. J. Bryan as a "money-hunting, favor-seeking, publicity-hunting marplot from Nebraska."

New York's vote was polled, showing Clark 78, Wilson 9 and Underwood 2, absent 1; but a solid vote of 90 was cast under the unit rule for Clark.

Stanchfield declared that the integrity of the New York delegates had been impugned and insulted and New York had a right to be heard. Stanchfield denounced Bryan as "that money-grabbing, favor-hunting, publicity-hunting marplot from Nebraska." His bitter characterization of Bryan was received with cheers mingled with some hisses. The speaker maintained that the New York delegation was the ablest ever sent to a national convention.

BRAND OF BRYANISM.

"No man branded with Bryanism can come within half a million of carrying New York," exclaimed Stanchfield amid cheers. Stanchfield bitterly attacked Bryan as one of the plutocrats, whose name should be linked with Morgan, Belmont and Ryan. "Any man who had been writing for pay from the Chicago Republican convention should be excluded from this convention. Mr. Bryan was opposed to any candidate except Mr. Bryan."

Stanchfield closed with announcing his vote for Wilson.

After the twenty-seventh ballot the leaders stood: Clark 469, Wilson 406½, as compared to 463½ for Clark and 407½ for Wilson on the twenty-sixth ballot.

Chairman James' announcement that railroad tickets of Southern delegates had been extended to July 10 brought shouts of laughter as indicating the possibility of a prolonged stay.

Heated controversy arose over Kansas' vote. A poll showed Wilson 13, Clark 6, with one absent. Claim was made that instructions of Kansas required the full vote to be cast for Clark. There were cries of "steam roller."

Bell of California argued that Kansas' vote must be cast for Clark under instructions, until two-thirds of the total or 14 votes favored another candidate, whereas the poll showed Wilson 13, or one short of two-thirds.

MAJORITY DWINDLES.

At the close of the 29th ballot the leaders stood: Clark 468½, Wilson 436, as compared with Clark 468½ and Wilson 437½ on the 28th ballot.

Underwood gained 10 from Harmon in Ohio's vote on the 30th ballot. Vermont dropped Foss in the 30th ballot and went to Wilson with eight votes.

Iowa broke on the 30th ballot, casting 14 for Wilson and 12 for Clark. A poll resulted. Clark 12, Wilson 14.

At the close of the 30th ballot the leaders stood Clark 455, Wilson 460, as compared with Clark 468½, Wilson 436 on the 29th ballot. A storm of Wilson cheers greeted the announcement of the 30th ballot, showing Wilson leading for the first time.

Wyoming shifted her six votes from Clark to Wilson on the 31st ballot. Wilson kept up his steady gains and the ballot ended.

Wilson 475½, Clark 446½, as against 460 for Wilson and 455 for Clark on the 30th. Wyoming switched its entire vote from Clark to Wilson. Another enthusiastic Wilson demonstration greeted the announcement of his steady gain on the 31st ballot.

MAKE HEALTHY CLAIMS.

During the 31st ballot Wilson managers claimed that they had been promised 30 additional votes by the 33d ballot and 102 votes by the 34th ballot. His total was 460 on the 30th and if the alleged promises were kept his total on the 34th would be 562, a majority.

The Tennessee delegation during the 31st roll call, retired to an anteroom of the convention hall for a caucus. Underwood leaders met with them.

On the 32d ballot the leaders stood: Wilson 477½, Clark 446½, as against Wilson 475½ and Clark 446½ on the 31st ballot.

Wilson merely held his own on the 33d ballot, while Clark gained one from Underwood, the leaders then standing: Wilson 477½, Clark 447½.

CENTER OF RIOT.

Bryan was the center of a riotous scene. The Missouri delegation attempted to carry a Clark banner in front of Bryan and he indignantly resented the move and twice tried to reach the platform.

A howling crowd surrounded him, pushing and demonstrating. Once he reached the platform then returned and engaged in angry demonstration with members of the Missouri delegation, then again mounted the platform escorted by a policeman. He stood there pale and apparently deeply moved while pandemonium reigned and the convention was in a frenzy of disorder. The Missouri banner was pushed forward to the platform, then thrown back by an opposing throng.

Every delegate in the convention was on his feet, shouting madly.

A fight occurred immediately in front of the delegates while the fu- [illegible] separating the combatants.

Bryan from the platform arose to a question of personal privilege. Mayor Fitzgerald of Boston made a point of order against Bryan's speaking. The point was temporarily laid aside and Bryan proceeded.

He said he had asked for the removal of the Missouri banner in front of the Nebraska delegation. Chairman James ruled that Bryan had not presented a question of personal privilege and refused to permit the speech to proceed. Bryan left the platform amid great disorder and returned to his seat.

Chairman James shouted an order to the police to arrest the first man who came on the floor with any banner for any man.

hall by 9 o'clock, and by 10 the galleries were half filled and a sprinkling of delegates had taken their place on the floor.

A cool breeze through the high transoms kept the banners fluttering and promised relief from the great heat of previous sessions.

The prevailing sentiment from the floor before the call to order was that nothing thus far had been achieved to bring the deadlock to a close and that, if anything, the lines were quite as tight or tighter than before, although all recognized that the convention has been replete with so many sensations that a break or a coup might come at any time.

STICK TO CLARK.

The Illinois delegation of 58, headed by Roger C. Sullivan, reached the hall late, having been in caucus since 10 o'clock. Illinois stood unanimously and firmly for Clark throughout the twenty-six ballots.

Following the seventh ballot there had been continual rumors of a break in Illinois and today this was revived when the delegation "passed" when first called on the 27th.

"We are prepared to stay until the snow falls," said ex-Congressman Lafe Pence, a champion of Clark from the District of Columbia. "We may not have enough votes to nominate now, but we have enough to prevent the nomination of anyone else. Whatever happens, we could hold more than the 365 necessary to prevent nomination, and after the treatment awarded Mr. Clark in refusing him the honor after he had received a majority, we shall stick to the death."

There was no band today, its contract having expired, and the bandstand was occupied by a group of Baltimore belles.

CALLED TO ORDER.

A few minutes after 11 o'clock Chairman James called the convention to order and the Rev. S. Carroll Coal of the First Methodist Episcopal church of Baltimore offered prayer.

A cheer swept the convention as William J. Bryan entered to take his seat with the Nebraska delegation. He was smiling and entered into an animated conversation with several delegates until chairman James quieted the crowd.

Theodore A. Bell of California was then recognized. He made a motion that a committee be appointed to secure the validation of return trip railroad tickets by delegates. The motion was adopted and the committee appointed.

The 27th roll call was then begun. In the first six states called Clark gained four votes over the 26th ballot.

Illinois asked to be passed on this ballot and Marshall's 30 in Indiana remained intact. In Massachusetts Wilson gained 5 votes and the Wilson supporters cheered.

MISSOURI DEFIANT.

When Missouri called the entire delegation arose and called defiantly,

"Thirty-six votes for Clark."

In Nebraska Clark gained a vote. When New York was called a poll of the delegation, the first since the balloting was begun, was demanded.

Abraham I. Elkins of the eleventh district was the first New Yorker to vote for Wilson and a round of cheers greeted him. Wilson J. McAdoo was the second.

When the name of John B. Stanchfield was reached he took the platform to explain his vote.

"I come from a state whose electoral vote is vital to Democratic success," began Stanchfield. "We represent ten million people."

Stanchfield then started to review the history of New York politics. The delegates showed signs of becoming impatient.

"Is there any limit on the gentleman's time," demanded a Michigan delegate.

"New York has a right to be heard on the floor of this convention," returned Stanchfield. "The integrity of every delegate from New York has been impugned and insulted."

Stanchfield said the New York delegation included jurists, lawyers and businessmen of standing.

"It is by common consent the most representative delegation that ever came to a national convention from New York. If these be the puppets of war that Mr. Bryan refers to, we say to that money-grabbing, office-seeking, publicity-hunting marplot of Nebraska."

BURST OF CHEERS.

Stanchfield could not [illegible] of cheers. While the speaker delivered this attack Bryan watched Stanchfield closely and smiled.

"I desire to say again, the vote of New York is vital to success," continued Stanchfield, "and no man can go from this convention stigmatized and branded with the mark of Bryanism upon him, and come within half a million votes of success.

"When Mr. Bryan makes the statement that these New York delegates are under the influence of Morgan and Ryan and Belmont, the 'plutocrats' of this convention, he omits one name. Outside of the three he has named, the richest and most powerful plutocrat on the floor is the gentleman from Nebraska himself.

"If the New York delegation is to be prevented from participation, then any man who for pay has been writing from the floor of the Chicago Republican convention in favor of his partner and ally Theodore Roosevelt, ought also to be excluded."

BRYAN FOR BRYAN.

"Colonel Bryan does not intend to support the candidate of this convention, unless that candidate is Mr. Bryan himself," said Stanchfield. "We have heard for months that Mr. Bryan had been combating Underwood here and Wilson there, Clark here and Harmon there, working all the time in his own selfish interest to produce a deadlock in Baltimore."

In conclusion Stanchfield threw the convention into disorder with the declaration:

"I cast my vote for Woodrow Wilson of New Jersey."

As the poll proceeded, it became apparent that Clark would again get New York's 90 votes under the rule. It was generally believed that the vote had been challenged and the poll demanded for the sole purpose of enabling Stanchfield to deliver his attack on Bryan.

Of the four delegates-at-large, John A. Dix, Alton B. Parker and Charles F. Murphy voted for Clark. Senator O'Gorman voted for Wilson. The district delegates who voted for Wilson were Abraham I. Elkus, New York city, William G. McAdoo, New York city, John B. Stanchfield, Thomas F. Conway, Plattsburg, Thomas V. Meacham, Syracuse, Bennett B. Brooks of Pearl Creek and Walter H. Edison of Falconer, William Temple Emett of New York city and Joseph E. Kellogg of Great Falls, voted for Underwood.

VOTES FOR UNDERWOOD.

Joseph E. Kellogg of Great Falls voted for Underwood. Under the unit rule, New York's 90 went to Clark. Illinois, which had been passed in the roll call, cast 58 votes for Clark. The result of the twenty-seventh ballot was:

Clark 469, Wilson 406½, Underwood 112, Foss 38, Marshall 30, Harmon 29, Bryan 1, absent 1½.

This gave Clark a gain of 5½, Wilson a loss of 1 and Underwood a loss of ½, as compared with the twenty-sixth ballot.

John B. Knox of Alabama introduced a resolution deploring the bitterness of the convention and calling for a united front in order to facilitate the work. It was referred to the resolutions committee without reading.

The twenty-eighth roll call went as far as Indiana before any material shift was made. Then the convention went wild as Senator Shively announced.

"Kern 1, Wilson 29."

POLL IS DEMANDED.

When quiet was restored a poll was demanded, but the demand was later withdrawn. The Indiana vote had heretofore gone solid for Marshall. After conferring with a number of friends, Bryan said it was unlikely that he would reply to the speech of Stanchfield. It was reported that Senator Rayner of Maryland might seek opportunity to defend the "Progressives."

The New Mexico delegation demanded a poll after the vote had been reported "eight for Clark." The roll call showed Clark 5, Wilson 3 and under the unit rule the eight went to Clark.

Oklahoma's delegation was polled but the vote remained Clark 10, Wilson 10. Pennsylvania added one to her usual vote of 71 for Wilson.

The result of the twenty-eighth ballot was:

Clark 468½, Wilson 437½, Underwood 112½, Harmon 29, Foss 38, Kern 1, Bryan 1, absent ½.

MARSHALL ELIMINATED.

Marshall was eliminated, 29 of his votes in Indiana going to Wilson, who gained 31 on the ballot. Clark lost 1½.

At the close of the twenty-eighth ballot it was announced that arrangements had been made to extend all railroad tickets, making them good until July 10.

"Nineteen hundred and twelve or 1913?" demanded a delegate, but there was no reply.

The twenty-ninth ballot was ordered called. Indiana gave Kern 4, Wilson 26. Thus Wilson lost 3.

A dispute in the Iowa delegation showed that state stood Clark 14½, Wilson 11½, but under the unit rule the entire vote of the state went to Clark. Another wrangle followed.

KANSAS FOR WILSON.

The chairman of the delegation asked that Kansas be passed. Half a dozen delegates yelled. "We want to vote now! Two-thirds of this delegation are for Wilson, and we want the vote cast that way."

The delegation was ordered polled. A chorus of yells and jeers greeted the beginning of the poll and the roll of the delegation proceeded in great disorder.

The vote was Wilson 13, Clark 6, absent 1 and the vote of Kansas 20 in [illegible]

BELL ON FLOOR

When James ruled that the vote should go to Wilson Theodore A. Bell took the floor after a disorderly dispute, to argue against casting the vote of Kansas for Wilson.

The delegates were impatient and Bell was frequently interrupted. He argued that the Kansas delegation could not shift to Wilson until two-thirds of the delegation voted for Wilson.

He asserted that 13 was not two-thirds and contended that 20 votes should go to Clark. Bell had trouble getting a hearing and his argument was punctuated by jeers.

"Sing it," shouted a delegate as he neared the conclusion.

A. Mitchell Palmer of Pennsylvania, the Wilson leader, answered Bell. He said that [illegible] Kansas delegates [illegible] the [illegible] constituted [illegible] of the delegation and their [illegible]

[illegible] one of the Wilson men in the Kansas delegation asserted that 14 delegates from that state had voted yesterday to desert Clark.

Chairman James ruled that the "two-thirds of the delegation" meant "two-thirds of the delegates present," and gave the twenty votes to Wilson.

CHANGES IN THREE.

The result of the twenty-ninth ballot showed changes in the vote of only three states. It was: Clark 468½, Wilson 436, Underwood 112, Foss 38, Harmon 29, Kern 4. This gave Clark a loss of half a vote, Wilson a loss of 1½, Bryan lost his single vote and Kern gained 3.

The thirtieth ballot proceeded monotonously until Ohio was reached. Then ten of Harmon's 29 went to Underwood. Wilson's 19 remained intact.

Vermont gave up Foss on this ballot and her eight votes went to Wilson. The result of the vote put Wilson in the lead.

The vote of Iowa, which had been passed gave Wilson 14, Clark 12. Up to that time the entire vote of 26 had gone to Clark. When the vote was announced a roll call of the delegation was demanded and it showed Clark 12, Wilson 14.

Iowa's vote as announced gave Wilson the lead for the ballot with 460 votes. It gave Clark 455. Cheers greeted each Wilson vote as it was announced during the roll call.

The result of the ballot was: Wilson 460, Clark 455, Underwood 121½, Foss 30, Harmon 19, Kern 2.

Thus Clark lost 13½ and Wilson gained 24.

IMPROVES LEAD.

When the total vote of the thirtieth ballot was announced the Wilson followers, with their candidate for the first time in the lead, made a demonstration.

The thirty-first ballot gave Wilson trifling gains early in the roll. Wyoming announced that its delegates, having determined that Clark's nomination was no longer a possibility, shifted to Wilson, a gain of six for the New Jersey governor. Wilson held and improved his lead.

The result was: Clark 446½, Wilson 474½, Underwood 116½, Foss 30, Harmon 17, Kern 2, absent ½.

This gave Wilson a gain of 15½, Clark lost 8½, Underwood lost 5 and Harmon lost 2.

At the end of the thirty-first ballot the Michigan delegates, supporting Clark, sent to Senator Reed of Missouri for instructions.

"Sit still in the boat," counselled the senator. "They (Wilson forces) can't get two-thirds to save their lives."

The thirty-second ballot proceeded with practically no change. The result was:

Clark 446½, Wilson 477½, Underwood 119, Foss 28, Harmon 14, absent ½. Wilson gained 2, Underwood gained 3.

There was little change on the thirty-third ballot. The result was: Clark 447½, Wilson 477½, Underwood 103½, Foss 28, Harmon 29, Kern 2, absent ½. This gave Clark a gain of one while Wilson's vote was unchanged. Harmon gained [illegible]

How Day Dawned in Convention City

BALTIMORE, July 1.—Delegates to the Democratic national convention held to a fragile hope this morning that the first three or four ballots taken at today's session would result in sufficient splits among the instructed delegations to lead to a breaking of the deadlock and the nomination of a presidential ticket.

The opinion expressed by William J. Bryan that he could see no reason why the convention should not nominate today was not shared by the party leaders, who frankly admitted they could not see a way to untangle the knot that bound the convention. Vice-Chairman Hall, member of the national committee from Nebraska, said:

"I believe we shall be here for a week. Certainly I do not look for a nomination for two or three days."

There were no overnight changes in the situation so far as could be learned. Leaders of the Clark, Wilson and Underwood movements feared a moment when the delegates, weary with the struggle, might thrust leadership aside and choose a candidate whose name was opportunely sprung upon the convention.

NOT ENOUGH TO WIN.

As the situation presented itself ne[illegible] Clark nor Wilson appeared to have enough votes to win as one or [illegible] other with an alliance with [illegible] forces could maintain unexpected [illegible] and still control more than a third of the convention.

National Chairman Mack would not venture an opinion as to how the deadlock would be broken. Bitter denunciation and acrimonious decision was frequently heard today in the corridors of the hotels, where the delegates gathered and the statement of Speaker Clark and Bryan were read. Many political friends doubtless approached the parting of the ways and this, with the feeling that one candidate for the nomination has as good a chance as another, made it extremely difficult for more pacific leaders to hold the antagonistic elements together in simple friendly rivalry.

NEW YORK FOR CLARK.

New York was to support the speaker during the balloting today, according to Chairman Charles F. Murphy.

"No caucus has been held," said Murphy, "and our future actions will depend upon developments. I am unable to say what the delegates will decide if the deadlock continues beyond Monday. Br. Bryan's attack upon the state of New York will have no effect. Our delegates will vote as the maority directs without reference to Mr. Bryan's position or wishes."

Many leaders thought there was little likelihood of a nomination during the day. They were of the opinion that the controversy between Clark and Bryan had stirred up such strife between their respective followers that neither side would yield far enough to make any material difference.

Friends of Underwood went into the convention more confident than ever that the Alabama Congressman will be the ultimate choice. They admitted that there would have to be a decided turn toward their man as a compromise candidate, a large portion of the support of either Clark or Wilson being necessary to give him the necessary two-thirds vote though he received all the scattering votes.

REST WILL BE EASY.

Not much time was expected to be occupied in the selection of a vice-presidential candidate and in the adoption of a platform, once the big fight was settled. The delegates appeared to be weary of the long siege and anxious to get back to their homes. Leaders thought it not likely that the session which accomplished the end of the deadlock will be the final one of the convention.

Speaker Clark's friends were of the opinion that he would not come to Baltimore again. After conferences with him here and in Washington late Saturday night and on Sunday night and on Sunday, they know exactly how he feels in regard to Bryan's attack. Indications were, when the convention reassembled, that one of them would seek the opportunity to state his position before the body.

There was no denying that Bryan has stirred up a hornet's nest and it was a question how long it would take to draw the stings. Clark's followers charge that Bryan was responsible for the convention withholding the nomination from the speaker that had given him a majority vote and they declare their unalterable opposition to any one he supports. And to their cause they have won, it is said, many enemies of Bryan who under other circumstances would be for the man he champions.

House Pins Faith on Speaker Clark

WASHINGTON, July 1.—In answer to attacks upon Speaker Clark in the Baltimore convention, the House today adopted a resolution announcing its entire faith in its presiding officer.

The resolution, offered by a Republican Representative Austin of Tennessee follows:

"The members of this House regardless of politics express their full confidence in the honor, integrity and patriotism of the presiding officer of this House, the Hon. Champ Clark."

It was passed unanimously, Republicans and Democrats applauding.

Clark Is Reported to Be in Baltimore

BALTIMORE, July 1.—It was reported today that Speaker Clark had come to Baltimore but would not appear at the convention hall. Members of the Missouri delegation said they had heard Clark was the guest of James H. Preston, the mayor of Baltimore. Mayor Preston although a delegate at the convention was not in his seat today nor at his office.

GREAT INCREASE NOTED IN ASSESSED VALUATION

City Auditor Gross Reports Healthy Gain to the Council

(Continued From Page 1)

was elected chairman of the board, and City Clerk Frank R. Thompson, secretary and clerk.

Gross explains that the increase of over $13,000,000 is due in a large measure to the splendid material development of the city, as the basis of valuation has remained practically the same for the past five years. The larger factors in the increase, declares Gross, have been the impetus given values in the rapidly enlarging business and waterfront districts, and the raises in the value of acreage holdings in the outskirts of the city.

REAL GAIN $16,000,000.

The total assessed valuation of $124,270,400 does not include $5,000,000 on personal property unsecured by real estate, and does not include the bank holdings and operative corporation holdings exempted by Constitutional Amendment No. 1, passed a year ago. The real increase is almost $16,000,000, but as some of this is exempted from taxation by recent legislation, it is not included in the roll.

This year shows the heaviest real gain in the history of the city. There was a gain of about $21,000,000 recorded the year of the big annexation of outside territory, and there was a gain of approximately $40,000,000.

The latter increase was due to the appointment of Gross as city auditor. Prior to that time the city had been accepting the figures submitted by the county assessor, then Henry P. Dalton. Gross placed the city's assessment work on a business basis and the increase naturally followed.

EXPLAINS ROLL.

Gross' letter, explaining the assessment roll, was submitted to the council this morning as follows:

July 1, 1912.

To the Honorable, the Council of the City of Oakland. Gentlemen: I feel that I should address this letter to you as a general word regarding the assessment roll of 1912-1913, which today comes to you for your consideration as an equalizing board.

That portion of the assessment dealing with the operative property of public service corporations is exempted from your review by the provisions of the State constitution as recently amended and in the following table these valuations have been deducted:

	Year 1912-13	Year 1911-12
Real estate	$ 76,540,700	$ 66,706,050
Improvements .	39 707 250	37,274,050
Personal prop ..	8,177,600	7,170,450
Solvent credits..	144,050	71,500
Totals	$124,270,400*	$111,222,050*

Increase in real estate..........	$9,834,650
Increase in improvements......	2,433,200
Increase in pers prop...........	1,007,150
Increase in solvent credits.......	72,550
Total increase	$13,048,350

*Exclusive of personal property unsecured by real estate, which is approximately $5,000,000 for each year.

The net gain of $13,008,350 shown evidences the material development of our city during the past year, as the basis of valuation has remained practically the same for the past five years, being about 50 per cent of the true valuation. The larger factors in the raise have been the impetus given values in the rapidly enlarging business and water front districts of the city and the increase due to raises in values of large acreage holdings on the outskirts of the city. This net gain falls short $318,850 of the true gain of the present year's assessment over that of 1911-1912, as for the first time military exemption granted veterans of the fighting forces of the United States has been recognized.

An additional indication of the healthy business condition of the city in the confidence manifested through the expenditures during the past year by the public service corporations operating in Oakland. The roll this year on the operative holdings of these corporations shows a total of $15,246,350, as compared with $11,947,850 for 1911-1912, a net gain of $3,298,500, which of course represents an outlay for improvements of double this amount for a twelve-month period. This is, I think, an unparalleled expression of confidence in the future of the city, especially when it is remembered that not a foot of franchise rights have been added to traction holdings during the year.

The rapid growth of the city has been manifested in no clearer way than by the following showing of gains during the last five years in total assessed valuations. The figures given below include operative and non-operative figures for all years:

1907-1908........	$100,434,412
1908-1909........	103,653,400
1909-1910........	107,793,550
1910-1911........	128,548,850
1911-1912........	128,777,775
1912-1913........	144,516,750

Over $2,000,000 in valuation lost through absolute exemption of bank holdings.

Very respectfully yours,
GEORGE E. GROSS,
Auditor and ex-Officio Assessor.

IN CONSULTATION WITH THE COLONEL

Robert R. McCormick of Chicago Pays a Visit to Oyster Bay.

OYSTER BAY, N. Y., July 1. — Robert R. McCormick of Chicago, who was leader of the Illinois delegation for Colonel Roosevelt at the Republican convention but who was one of the first to say that he would not follow the former President in the formation of a new party, came to Oyster Bay today with the statement that Governor Deneen of Illinois, could not carry his State on the Taft ticket and that he (McCormick) had come here to open negotiations with the Colonel. McCormick intimated that he had come as an emissary from members of the Republican organization.

"The progressive movement has developed more strength than I had thought at first," said McCormick. "I have come to the conclusion that Taft cannot carry Illinois"

"Are you going back to Roosevelt?"

"I don't know," he replied. "I want to talk it over with Colonel Roosevelt."

"What will Governor Deneen do?"

"I don't know what he will do. He wants to be elected governor and recent developments have been such that he does not know where to stand."

HARTMAN BREAKING ALL RECORDS AT IDORA PARK

MISS MYRTLE DINGWALL, CHARMING PRIMA DONNA WITH FERRIS HARTMAN AT IDORA PARK.

Those massive concrete walls of the Idora amphitheater should have been constructed of rubber. They can't stretch and last night hundreds were unable to get seats to see jovial Ferris Hartman and his forty-nine actors, actresses, comedians, showgirls and ponies display their individual and collective talents in Walter De Leon's latest musical comedy, "The Girl and the Boy." Eighteen thousand people filed into Idora yesterday afternoon and evening, and it is safe to say that Hartman drew a series of laughs from at least seventeen thousand. The remainder were in the skating rink.

In the lingo of the stage, "the free attraction now at Idora "is a knockout." Between the acts last night Ferris remarked that he didn't know he had so many friends on this side of the bay, despite the fact that he calls this home. Hartman has long been a favorite here, and when the people get a chance to laugh at him and with him all for the price of a ticket to Idora, there is going to be a rush. And the rush is on. Idora has never been so popular as since last Friday night, when the new stunt was first introduced.

That versatile young playwright, composer, actor and stage manager, Walter De Leon, is fast becoming the shining light of Broadway—Oakland, just as George Cohan is to Broadway, N. Y. His latest effort, "The Girl and the Boy," stamps him as an author and composer that will bear watching. De Leon has the gift of writing catchy and tuneful songs, and a number of them introduced last night will soon be whistled at every street corner and played in every resturant in town. "Oh, Gee We're Married," "S-u-m-m-e-r," "Tommy Jones," "The Girl and the Boy," and the "Spanish Hot-air-i-o" called for many encores. "Muggins" Davies looks as pretty and chic as ever and plays The Girl charmingly.

One of the hits of the show, a veritable dark horse, and a dray horse at that, is Roscoe Arbuckle, 301½ pounds, fighting weight. "Slats," as he is called, plays the bell hop and is warranted to cure the blues. His Spainsh dance in costume, and he can dance, also sing, is one of the funniest parts of the entire show.

Myrtle Dingwall makes a charming prima donna, with a voice as sweet and clear as a bell. Lawrence Bowes has an exceptionally good baritone, and the two sing a couple of delightful duets. Harry Pollard, as Ronny Curtis, does a clever bit of character work. It's good to see Joe Fogarty again, and the same goes for Josie Hart, the statuesque beauty. But it is Teddy himself the people want, and Teddy, just the same as in the old days after the fire, they get. There's a laugh in every line to "The Girl and the Boy," lots and lots of pretty girls, beautiful costumes and pretty scenery; in fact, a show of the highest class. And Idora is giving it all as a free attraction. It certainly deserves the patronage it is receiving. A special matinee will be given Thursday, Independence Day.

was first believed that a large number had been killed. Superintendent J. R. Sutherlane wired the general offices at Winnipeg early in the night that probably twenty girls had been killed and forty injured. This, however, proved to be untrue. Just how many were injured is not known, but none was killed or fatally hurt.

On Lorn street, one of the principal residence thoroughfares, scarcely a building is left standing. The Canadian Pacific Railroad yards is a flat expanse of ruined shops and trains. Not a whole car remains in the yards. Some of them were picked up by the wind and carried for several blocks. One was carried clear through the freight sheds.

The whole north side of the city is practically wiped out. No one knows how many are dead on that side. The cupola of the Baptist church was dropped in the middle of the street three blocks away.

One of the largest grain elevators facing the railroad yards was picked up bodily and carried a distance of fifty feet from its foundation.

There were many pathetic incidents during the night of searching for dead and wounded when workers from time to time discovered some members of their own family among the debris.

Husbands were searching for wives and mothers for children, men would stop in their work of rescue from time to time to inquire from a passing acquaintance for news of friends or relatives. Many families were separated at the time of the storm. The day had been extremely hot and many had sought comfort in the parks. Five persons are known to have been drowned on Wascana lake.

TESTIMONY THAT JURIST WAS DRUNK

Witness Declares That Twice He Saw Judge Hanford Intoxicated in Public.

SEATTLE, July 1.—The subcommittee of the House judiciary committee resumed its inquiry today into the charge of drunkenness and malfeasance in office brought against United States District Judge Hanford, as the result of his disenfranchisement of Leonard Olsson, a Socialist.

City Councilman Oliver T. Erickson, formerly president of the Seattle Manufacturing Association, testified that he frequently had seen Judge Hanford under the influence of liquor. The first occasion he said was five years ago. Both times the judge was on a street car, he said.

When asked by Judge Hanford's counsel if he were able to differentiate between sleep from drowsiness and sleep from intoxication, the witness replied:

"I am satisfied in my own mind that the man was intoxicated."

POPULAR THEATER MANAGER MARRIES

George Fitch Takes Miss Teresa Galindo as His Bride.

The wedding of Miss Teresa Galindo to George Fitch, business manager of the Columbia Theater, in San Jose last Thursday, was a great surprise to their many friends. Miss Galindo is the daughter of Mrs. Ynez Galindo of 5401 Telegraph avenue, and the family were pioneers of California. Fitch has been manager of the Columbia theater since Dillon and King opened the playhouse.

Mrs. James Frederickson of Placerville, mother of Fitch, was present at the ceremony.

Fitch was the recipient of many presents from the members of the company upon his return Friday. The evening performance was stopped while Ben Dillon presented the manager with a solid silver tea set. In a short speech Dillon introduced his manager to the audience before the presentation of the gift.

M. C. CHAPMAN
President

Bryan Is a Candidate.

The experience the Democrats are having with their old man of the sea has turned all their hilarity over the troubles of the Republicans at Chicago into grief and anger. The tangle which he has precipitated is both ludicrous and pathetic. The convention of a great party floundering helplessly in doubt and indecision because of one man's vanity and egotism, and him incapable of leading the forces he scatters with such ease, is a spectacle to move the gods to laughter. Achilles mopes in his tent, and all the sages hang their heads like spanked children and wonder what they will do. They straightway forget that the object of their expedition is to plan a campaign and select a leader for their host, and speculate hopelessly how they can placate and please Mr. Bryan. Nothing so ridiculous ever happened before in American politics, so humiliating, and at the same time so farcical.

The explanation of Bryan's conduct is quite simple. He wants the nomination himself, therefore he is determined that no other man shall get it. He went to Baltimore as a Clark-instructed delegate, and repeatedly announced that as between Clark and Wilson he had no preference. But as between Bryan and Clark or Wilson it is clear that he has a decided preference. He is trying to demonstrate that he is the logical candidate—the only candidate, in fact, that meets his requirements and the exigencies of the occasion.

If Bryan is to make the platform and designate the candidate, why should he not be the candidate? His first move to show his power and the logic of his candidacy was to kick up a row over the selection of a temporary chairman. The national committee invited Bryan to act as temporary chairman, but he declined the invitation. He was then asked to signify his preference, and replied that he had no preference. Meantime he busied himself issuing proclamations against Harmon and Underwood.

But the moment the national committee selected Parker, Bryan roared out his disapproval. By letter he gave the committee orders to drop Parker and when the committee disobeyed his command he appealed to the convention to overrule Parker's selection, and became a candidate himself in opposition to the New Yorker. His defeat evidently stung his vanity and gave him a pretext for posing before the country as the victim of the predatory interests. He began girding at Clark's followers for not supporting his candidacy. Finally he excused his treachery to Clark on the ground that Clark had refused to line up his supporters for him against Parker.

Still he voted for Clark till the New York delegation switched to him and the drift of the convention began to make his nomination probable. Then Bryan took the platform while a ballot was being taken to denounce his candidate and announce that he had forsaken him because New York had voted for him. He spoke out of order and a violation of every rule of propriety. Yet the cowed convention stood for it.

The inference is irresistible. He was for Clark as long as there was no probability of his nomination. But as soon as a majority of the convention voted for Clark and his nomination seemed imminent, he forsook him, and announced that Clark was not worthy of his support unless he repudiated the support of New York and insulted the New York delegation. In voting for Wilson he stated that he would abandon him if the New York delegation voted for him.

Is Bryan trying to outlaw the New York delegation or is he trying to create a condition that will bring about his own nomination? The latter seems the only reasonable solution of a course of action that is otherwise childish and whimsical. Bryan had previously sifted down the available candidates to two—Clark and Wilson. Clark is eliminated because New York voted for him. Wilson will go on the Index Expurgatorious if New York should vote for him. Who, then, is left to lead the forces of progress and reform? William J. Bryan! He alone has stood the Bryanic fire-test. He alone is worthy and he alone should be the nominee.

"My mouth shall be the Parliament of England," said Jack Cade. Bryan's mouth is the Parliament of the Democratic party. Past performance counts for nothing unless it has the seal of Bryan's endorsement, and Bryan reserves the right to revoke his endorsement at any time and on any pretext. Truly the jackass emblemizes and typifies a party that submits to such a leadership—a party that has no independence of thought and no power of will, but goes where Bryan orders it to go and packs any load Bryan chooses to put upon it.

Bryan's vigor in reading men out of the Democratic party is only equaled by the energy with which he denounced them for leaving it when ordered out. Republicans, however, have no reason to complain of Bryan's efforts to bring the Bourbons in perfect harmony with Bryan. He is trying to make his party so small and select that it cannot hope to win an election.

Dr. Aked and the Constitution.

Rev. Charles F. Aked, recently pastor of Rockefeller's Baptist Church in New York, but now pastor of a Congregational Church in San Francisco, wants to abolish the constitution of the United States. Dr. Aked is an Englishman, and naturally disapproves of any system of government that is not English. If he has become naturalized it has been very recently, nevertheless, he thinks himself perfectly competent to give political instruction to Americans. Perhaps he has read the constitution. If so, he has a limited conception of its meaning and is imperfectly informed as to the type of government which it was devised as the framework and the conditions out of which it grew.

Dr. Aked appears to think the founders of the republic intended to establish a government patterned after that of England and failed because they did not understand the business in hand, blundered through ignorance. In his opinion they made a mistake in making a constitution that cannot be changed at any time by the legislative power.

The answer is that no union of the States could have been formed under such a constitution. Dr. Aked does not know what the purpose of the constitution was or why a federated government was formed. He proposes to change the entire system of government by some Cromwellian method which he merely hints at but does not undertake to describe. He finds the federal system objectionable and suggests that it ought to be changed or abolished. He does not seem to realize that it is revolution that he proposes.

When the constitution was framed, its framers clearly perceived the necessity for providing a way for amendments in future, when changed conditions and needs developed by altered circumstances might make amendment necessary. It has been changed at different times pursuant to this method, and will continue to be changed whenever necessary.

But Dr. Aked wants a different method adopted—a method that will change the whole scheme of government, and he inferentially suggests that the change should be made in violation of the constitution. He wants a plastic organic law, or, as Roosevelt says, a pliant constitution, one that can be changed by short-cuts and without deliberation. The sovereignty of the States irks and displeases him. They have no States in England. He does not see the need for them and considers their governments quite superfluous and unnecessary.

But what power is Dr. Aked going to invoke to compel the States to surrender their autonomy and sovereignty? Who is to change the constitution without their consent?

Apparently he has given no thought to such trifles. Such matters of detail should be settled out of hand by some strong man who is not to be hampered in doing good by constitutional restrictions. In his opinion the constitution is so much rubbish to be cleared out and thrown on the scrap heap, as an obstacle to progress. Our Cockney Daniel is not backward in giving judgment, but it is likely to run with the writ of Justice Shallow. Still Dr. Aked's cloth does not absolve from the duty devolving upon ordinary men to inform themselves on what they presume to discuss with an air of authority. Dr. Aked is offering advice on a matter of which he is profoundly ignorant. He wants to change the structure of a government which he does not understand and in a way that is lawless and revolutionary.

TYRANNY OF SPEED

Speed, hurry, rush—doubtless they are effective as [illegible] but they are death to aesthetics. We have ceased to write letters, we propose marriage by wire and hold the wire until we hear the answering coo. Nothing can be funnier than the way in which we take our holidays. And an ordinary evening's joy is a marathon between the office, the dressing-room, the dinner table, the theater, the supper, then home.

Life to us takes on the guise of scenery passed through on a fast express. Houses, humans, cows, sheep flash by in confusion. We get impressions rather than clear views. Even our friendships, our loves and our hates are misty, indistinct affairs [illegible] become dreams.

Our memories are blurs, for the rush of Today is upon us and Tomorrow is treading upon our heels. A hand-clasp and goodby and we part from a comrade, each hurrying on his own way, for there is no time for comradeship. Our national eat and our quick lunch system have made countless thousands merry. We are the Push!

Not long ago Punch published a picture naively called "A Scene in America." A ferry has pushed off quite a distance from the dock, and two [illegible] passengers are portrayed poised midway in the atmosphere in the act of jumping for the boat while the other passengers [illegible]

bors, cultivating their rose gardens and stopping an hour each day for tea, though the heavens fall.

And the Parisians, with their grand déjeuner, their coffee under the trees on the Bois, their hour for the aperitif—so many pauses, in fact, for pleasure that the business day is cut to a few hours, and it suffices. The speed maniac may call upon us to observe our own achievement, our progress, our healthy democracy, and a lot of other things. But is the art of living not worth while? Are we getting as much out of life as we might if we stayed our pace and went more slowly down the path that leads into the sunset?—Kate Masterson in Lippincott's.

His Quest

French heel slippers, small of toe, mirrored in a polished floor
Lines are here that bard or painter well might go in raptures o'er.
Through no lines so fine as yours can I trace my ancestry,
So I grieve to say you are quite glorious for me

Dainty patent leather pumps, tripping down the avenue,
Whither bound? Your mission, what? Tell me, now, I beg of you.
Out to call, or dance, or dine, club, or bridge, or trivial tea?
Rich in small accomplishments! Ah, too clever, you, for me.

Ho! the military heel, on the links, or lake, or court,
Complement of mannish togs of the girl who takes to sport,
True, I like your sturdy style, but I pause perplexedly:
Could I stand the steady stride of your strenuosity?

What's this on the kitchen floor, strong of heel and loose of toe?
Culinary marvels rise as they travel too and fro
Style is little, service much; truly, these appeal to me!
Can you—will you evermore be my sole affinity? —Chicago News.

CASH NO ONE CLAIMS

Twenty millions of unclaimed money in the coffers of British banks—derelict gold which nobody owns and which the banks are naturally pleased to take care of. Gold more than sufficient to pave every square foot of Cheapside with sovereigns.

The sum total may be exaggerated. But make a liberal deduction, and you still have many millions to which no rightful owners make a claim. There is no bank in the whole length of Great Britain (or elsewhere) which has not its lists of these bank balances that may be said to go a-begging. Some are for trivial sums, scarcely worth the trouble of pocketing, some are for amounts running into thousands.

Some years ago, when Mr. Goschen's conversion scheme was in the air, it was found that the Bank of England alone had nearly 11,000 of these dormant accounts. Forty of them had more than $50,000 apiece to their credit; one balance was written in six figures—$907,900. The total at the bottom of the long list was $39,218,875. This amount was very largely made up of unclaimed dividends on government stock.

Scottish banks have, it is said, $15,000,000 of this overlooked gold—English banks at least double this sum. How does it come there? And what becomes of it?

It seems inconceivable that so much money, for all of which there must have been owners at some time or other, should be thus lost to sight. A score or more of simple causes account for the seeming impossibility. A man may, for private or business reasons, have accounts with more than one bank. He dies. His executors know nothing of any but his usual bankers; the balances at the others remain unclaimed.

He may die abroad, or disappear, leaving no clew to his banking affairs. He may [illegible] that such and such an account [illegible]. In these [illegible] ways—mostly the result of carelessness [illegible] in the hands of banks to swell the dormant funds.

For [illegible] years the bankers keep the accounts open, prepared to pay over the balance to any who can prove a title to it. This term expired, they regard the forgotten gold as their own. By millions of dollars of such ownerless money went to build London's splendid law courts. The city, it is said, has more than one magnificent bank building reared from the same kindly material. [illegible] provides [illegible] out of such a fund.

But whatever becomes of it, these millions of "mystery gold" are always growing, fed by man's carelessness or forgetfulness, their secrets hidden away in thousands of musty bank ledgers.—Tit-Bits.

Ruptured People--
Try This for Relief and Cure

Here is something you can try sixty days without having to risk a single cent of your money.

Something which has cured—in the last twenty-four years—thousands of ruptured people—

Something so strengthening to the ruptured parts that you can work right along while being cured—

If you don't find yourself getting better, after trying a Cluthe Truss or Cluthe Automatic Massager—

If you don't think it's doing you a lot of good—making a new man of you—

Then we don't want a penny.

Try It Sixty Days at Our Risk

This is more than a truss—more than merely a device to hold your rupture in place.

For your protection we guarantee in writing that a Cluthe Truss will keep your rupture from coming out—when you are working, exercising, taking a bath (this truss is water-proof)—every minute of the day. If a 60-days' trial doesn't prove it, the truss won't cost you a cent.

You see this truss—unlike all others—is self-adjusting, self-regulating.

The support it gives automatically increases when there is any sudden movement or strain—as in working—so no strain can force your rupture out.

And, in addition, a Cluthe Truss provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

While relieving the weak ruptured parts of all strain, this Truss is constantly strengthening the ruptured parts. Does that by automatically massaging them—this healing massage does for these parts what exercise does for a weak arm—restores their lost strength—in many cases makes them so strong that a truss is no longer needed.

Curing Begins at Once

This massage is so beneficial that nearly all feel better and stronger—get immediate relief—after trying this truss.

So beneficial that a Cluthe Truss has cured some of the worst cases on record—

Among them men and women 50 to 70 years old, who had been ruptured from 20 to 50 years.

Cures many of them after everything else, including operation, had failed to do any good whatever.

Our Expense If It Fails

You are making the mistake of your life if you let any doubts or past disappointments keep you from finding out what a Cluthe Truss can do for you.

Remember, that we ask you to take no chances—

We'll make a truss especially for your case and send it to you and allow you 60 days' trial to prove that it will hold your rupture—that it will put an end to the trouble you've heretofore had and improve your condition. If the trial fails to prove this, we'll be the losers, not you.

Get World's Greatest Rupture Book

So that you can judge for yourself, we want to send you a free book we have written—a cloth-bound book of advice. Even physicians who have read it say it's the best book ever written on Rupture.

It sums up all we have learned about rupture in forty years of day-after-day experience—in the successful treatment of over 290,000 cases. It deals with rupture in all its forms and stages—explains the dangers of operations—exposes the worthless trusses and the equally worthless makeshifts masquerading under such names as "appliance," "method," "system," "plasters," etc.—puts you on guard against throwing money away on things that can't stand a fair test.

And it tells all about the Cluthe Truss—how little it costs—how it ends constant expense on account of your rupture—how thousands have found this truss as comfortable as their clothing (no springs or web or elastic band or belt around your waist—no leg-straps)—how you can try one 60 days at our risk—thus giving you plenty of time to make sure of its wonderful holding and healing powers and of its water-proof and wearing qualities.

It tells—in their own words—the experience of many former sufferers—gives their names and addresses—perhaps you know some of them.

Book sent in plain, sealed envelope. Write for it today—don't put it off—this book may be the means of adding many years to your life and of restoring you to full strength and usefulness.

Just use the coupon or simply say in a letter or postal "Send me the Book." In writing us, please give our box number.

CURING CATARRH

Accept Our Advice and Try This Remedy at Our Risk.

Catarrah is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucu-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and by his great success with this remedy was an enviable one.

We want you, if you are a sufferer from catarrh in any form, to give Rexall Mucu-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and $1.00. Remember you can obtain it only at the Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

DEATH AT REINS IN TROTTING RACE

Santa Cruz Driver Victim of Heart Disease Just as He Crosses Wire.

SANTA CRUZ, July 1.—The Sunday race meet held under the management of the Santa Cruz and Capitola Driving association was marred by accidents, one of which resulted in the death of John M. Ferguson, one of California's veteran drivers. Tom Holbrook also had a leg broken and is believed to be injured internally.

Ferguson, who figured in the first race, was piloting Dot McKinney, owned by E. C. Jeffreys, and drove the first heat without a mishap, but as he was crossing the wire in the lead in the second heat Ferguson fell out of the sulky from an attack of heart failure.

Ferguson was alive, but unconscious when picked up, but after being brought to the stables expired before medical attention could be summoned. Ferguson had been subject to heart trouble and apparently was overcome by excitement.

Holbrook was on the card to drive Bay Frank and was warming up his horse, when the animal kicked him in the groin, knocking him out of his sulky, breaking his leg, besides inflicting injuries that may prove fatal.

After Ferguson died no further attempt was made to finish the races.

BURNS TO TESTIFY IN DARROW CASE

Detective Is Expected to Tell Sensational Story in Court.

LOS ANGELES, July 1.—With Juror L. A. Leavitt, who was taken ill Thursday night, sufficiently recovered to join his fellow jurors, the trial of Clarence S. Darrow for alleged jury bribery was expected to be resumed at 1:30 o'clock this afternoon with Detective Guy Biddinger on the stand for cross-examination.

The defense, it was understood, would attempt to show that any transaction between Darrow and Biddinger were not violations of law. Biddinger's cross-examination was expected to be a sensational one. W. J. Burns, the detective whose testimony is expected to prove even more startling than that of Biddinger, will follow the latter on the stand, according to the present plans of the district attorney.

MAY LOSE BOTH EYES BY POWDER EXPLOSION

RICHMOND, July 1.—While tamping a dynamite shot in the rock quarry on Sheep Island, just south of this city, Saturday evening just before dark, E. Bremenkamp, one of the workmen employed by the City Supply Company of San Francisco, set off a premature blast of powder and received the full force of the flying pieces of rock, many of which struck him full in the face, cutting his face and head in a shocking manner. He was brought to the mainland in a small boat and rushed to the hospital where immediate medical attention was given, but it is feared he will lose both his eyes. Bremenkamp is now kept in a darkened room, swathed in bandages, and it may be possible to save one eye, but hardly probable. This is the second accident of the kind at that quarry in the past few weeks, half a dozen men being nearly killed in the last one.

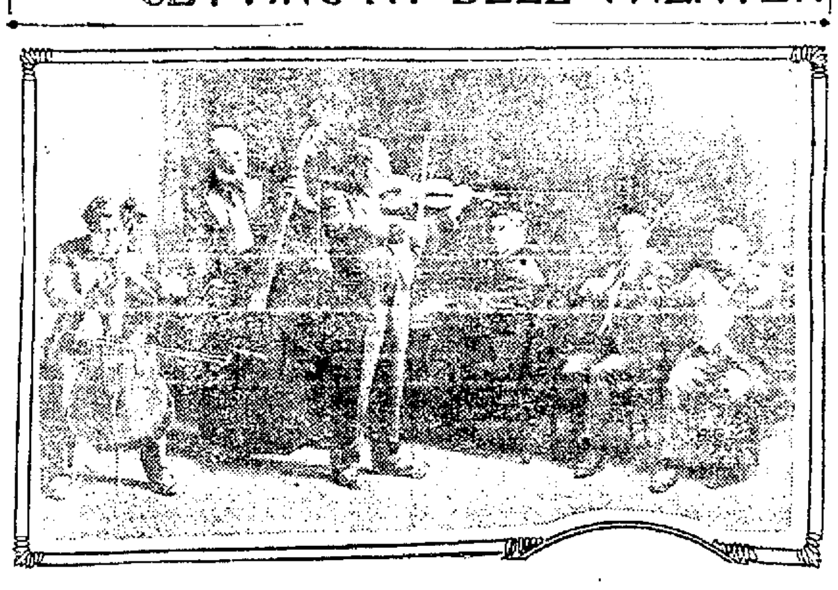
MUSICAL GEMS IN VELVET SETTING AT BELL THEATER



PAUL PERIERA AND HIS ORCHESTRA, AND ACT WHICH SCORES HEAVILY ON NEW BILL AT BELL.

Raul Pererira and his string sextete, one of the few worthwhile instrumental acts in vaudeville, head an excellent July bill at the Bell Theater. Pereira's musicians scored heavily yesterday, adding several rounds of applause to a collection that has been gathered in a trip around the world.

Musical gems set in velvet are offered by the Portuguese court players. From opening to close the act is one of enviable classable class. "My Rosary," with organ accompaniment, raises the curtain slowly, and puts a vaudeville audience in a mood for hearing the best of music.

Pereira's violin playing is a surprise even to those who expected quality. Perfect execution, careful interpretation, agile fingering, deep-rooted tone are the characteristics of his work.

Classical and popular numbers make up an act that will be one of the most popular ever offered by the Bell.

DUMMY DOES THE WORK.

Ralph Connors talked his dummy into fame yesterday, setting a record for laughter at the Bell. Connors is a finished ventriloquist, with a good idea of comedy. The wooden image on his knee comes to life in his hands, and in a conversation that tends towards a "scream" talks down his creator.

There is a fascination about ventriloquism that has kept it alive in vaudeville for more years than one cares to count. The "stunt" should have gray whiskers by now, but it would seem to have quenched its thirst at Ponce de Leon's fountain of youth. Either that, or has dyed its beard. The ventriloquist is ever welcome to those who have the vaudeville habit, and Connors will be accorded somewhat of an enthusiastic reception during his stay here.

ONE HAMMOCK; TWO IN IT.

In a hammock for two, Osro Goodhue and Vera Burgess open an act that has a capital swing to it from beginning to end. The team is a versatile one, doing everything from looking well in summer garb to thumping a banjo and jigging it. They start in a full stage setting that is more or less summery, then transfer the scene of their actions to "one" where they do many things and win many "hands." Well-liked are they, indeed.

Florence Printy, soubrette, sang herself into the good graces of those in front yesterday. A dash of personality would *help* her act, which goes fairly well as it is.

Eccentric gymnasts are Grimm and Berger, opening the show to the tune of applause, and closing their own act to music of the same sort.

David Albertto will be heard at the Bell next week, and the announcement of his appearance for the last time before leaving for Europe to complete his musical education will be greeted with acclaim by Oakland.

Albertto has acquired many laurels since he first went to study under the great Letinschinsky. He has been heard by some of the greatest masters of music and these men had predicted a brilliant future for him.

NEW SCHEDULE FOR EAST SHORE

100 Move to Richmond Today and New Commute Books Are Issued.

RICHMOND, July 1.—The new time schedule of the East Shore and Suburban Railway went into effect this morning, and under it forty additional platform employes of the company are required to make Richmond their headquarters and home. The schedule calls for the employes to report in and off at the local car barns, the superintendent, Charles H. Robertson states that 100 people will be brought here on account of this order, as the conductors and motormen are nearly all married men with families. There is already quite a scramble going on for available cottages.

One effect of the new schedule will be to have the last car leave the last car leave the Standard Oil works at 12:07 a. m. The new $5 commute books also went into effect today, which is a big saving on daily journeys to and from Richmond and Oakland.

RICHMOND PERSONALS

RICHMOND, July 1. — W. T. Chambers and Roy Dell, of the local Christian Endeavor society, are attending the State convention of that organization at Fresno as delegates from Richmond.

It is planned by Berkeley to annex all the territory north from its present boundary line to the county line, and as Richmond is annexing down to the same line the two municipalities will soon be growing close together. Neither have any designs upon San Francisco.

The *booster* clubs and civic societies of Richmond are getting very tired of unsightly billboards and a movement is to be started to do away with them.

The fight between the three big power companies as to whether the Oro Electric company shall be allowed to enter the Richmond field is being hotly contested before the State utility commission.

Plans are now complete for the new two-story brick and concrete business block to be erected by Councilman Ludewig on Macdonald avenue and bids are being made upon its construction today. The excavation is finished.

Miss Lelia McDermott of Richmond and Joseph A. Badt of Oakland were married in San Jose last Thursday and are now at Los Angeles on their honeymoon tour. They will reside at Oakland upon their return.

The Richmond stone works is installing new machinery, among which are planes and saws for working both sandstone [illegible] boulevard.

Plows are at last tearing up Ashland avenue, the Santa Fe thoroughfare, preparatory to the removal of the tracks of the East Shore and Suburban company's line to that avenue. Following this the street will be paved and improved by the Santa Fe.

The location of the new Santa Fe mission depot is the topic of discussion just now. Some claim it will be at Macdonald and Ashland avenues and others that it is to be at Sixth street midway between the Standard Oil works and Pullman car shops, but nobody knows.

AMUNDSEN'S CREW SILENT ON TRIP

Refuse to Tell of Voyage to Pole; on Way Home.

LONDON, July 1.—Fourteen bronzed members of the crew of the Fram who were with Amundsen in his dash for the South pole passed through London Saturday night on their way from Buenos Ayres to Norway. Four of these men, Bjaaland, Hassel and Wisting, got to the pole with Amundsen. All of the men refused to talk, as they were pledged to secrecy because of the forthcoming publication of Captain Amunsden's book. They admitted, however, that Amundsen was very lucky and that he had encountered few obstacles. For the final dash the weather was perfect and everything went according to program.

The success of the expedition, the men declared, was largely due to the efficiency of the dogs. There were thirteen to each of the four sledges. The men say the greatest difficulty they encountered was in crossing the 11,000-foot mountains.

A great reception is being arranged for the men at Bergen. Some of them will undoubtedly sign again with Captain Amundsen, who is still at Buenos Ayres, for his cruise through the Northwest passage.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery *for Coughs*, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection it's unequaled. Price 50c and $1.00. Trial bottle free at Osgood Bros.

BIG ENTRY LIST IN RACES AT TACOMA

Speedy Cars Will Battle for $25,000 Cash Prizes Next Friday and Saturday.

More cars than were started in the Santa Monica races last May have already been entered in the two-day race meet at Tacoma, July 5 and 6. Starter Fred J. Wagner, with a party of seven drivers and field officials, is on his way from New York. The entry list closed at midnight, June 28. Some of the drivers and cars will not arrive in the city until the fore part of the coming week, but their entries have been received and their cars are coming through from Eastern points.

The latest entries for the races on Saturday, July 6, are two special Studebaker-Flanders, one to be driven by Jack Tower and the other by Bob Evans, both well-known drivers of small cars. These with George Joermann, who will drive the Maxwell that won first place at Santa Monica in the small car event, May 5, make the complete trio of winners of that event now entered for the similar event at Tacoma. The little cars will arrive in Tacoma Friday and are certain to give a good account of themselves in the light car event. The complete list of entries is as follows:

Fiat—Driver, Tetzlaff; Fiat—Driver, Bragg; Fiat—Driver, Verback; Stutz—Driver, Cooper; Stutz—Driver, unnamed; National—Driver, Whalen; National—Driver, DeVore; Pope-Hartford—Driver, Mayes; Knox—Driver, Mulford; Benz—Driver, Bergdoll; Mercer—Driver, Hughes; Mercer—Driver, Mulford; Mercer—Driver unnamed; Cole—Driver, Sebastian; Maxwell—Driver, Joermann; Flanders—Driver, Evans; Flanders—Driver, Tower; Ford—Driver, Bennett; Ford—Driver, unnamed.

The program has been rearranged so as to have two events each day of the meet. On July 5 (Friday), there will be the 150-mile event for medium weight cars and the 200-mile event for heavy cars taking in the same classification that governed the big Indianapolis race—under 600 cubic inches piston displacement. On July 6 (Saturday), the meet will open with the light car event for 100 miles and the 250-mile free-for-all will follow. The races will begin at 10 o'clock each day.

REV. FATHER M. MURRAY CELEBRATES FIRST MASS

In the presence of a large congregation, Rev. Father M. Murray, who was recently ordained by Archbishop P. W. Riordan, sang his first mass yesterday morning in St. Patrick's church, Tenth and Peralta streets. The house of worship was decorated with palms and flowers, which made an effective setting for vestments worn by the officers of the mass. The music was supplied by the boys' choir of the parish under the direction of S. J. Sandy. Miss Lillian Tracy was the organist.

Assisting Father Murray were Rev. Fathers M. Doyle of St. Peter's church, San Francisco, deacon; George Quinn, sub-deacon; H. A. HOLY GHOST FESTIVAL CLOSES AT SAN LEANDRO

SAN LEANDRO, July 1.—The annual Holy Ghost festival, taken part in by hundreds of Portuguese residents of this section, closed last night with a grand ball in the pavilion erected specially for the purpose. The festival was under the auspices of the St. John the Baptist Society. During the morning special services were held in St. Leander's church. Twelve aged residents of San Leandro, dressed to represent the twelve apostles, took a prominent part in the ceremonies.

In the afternoon a literary and musical program was rendered at the home of M. A. Rigo, who delivered a short address in the Portuguese tongue. A feature of the celebration was the exhibition of a replica of the "Ilophu Braga," the first battleship of the Portuguese navy. During the evening fireworks were let off in the plaza.

Members and Friends of Association Have Merry Time at Shell Mound.

The Portuguese Protective and Benevolent Association, organized in 1868, held its forty-fourth annual outing, games and reunion yesterday in Shell Mound park, Emeryville, entertained a large number of friends, until nearly midnight. The contests included races for boys and girls under 12 years of age, young men and women, members of the association under 60 years of age and those over that age, for wives of members, for fat men and corpulent women, and for old ladies, irrespective of affiliation and particulars as to age.

Three luring prizes were awarded in each contest, while more than fifty gifts were distributed to patrons of the park, irrespective of contest.

LOST MAN FOUND PRISONER IN ATTIC

Sick and Helpless, Chicago Resident Is Walled Up for Week.

CHICAGO, July 1. — While search for him was being conducted all over the city, Louis Haver, aged 34, a painter, lay sick and helpless, walled in an attic of his own home, unable to summon assistance and facing starvation. Yesterday he was rescued, almost dead from hunger and [illegible] delirium. Physicians are doubtful of his recovery.

Haver had just arisen from long illness on the day he disappeared. Roofers were mending a hole in the roof and Haver climbed to attic to watch them. He was exhausted by the effort and sank into sleep on a bundle of carpet in a dark corner. The roofers completed their work and descended through the attic trap door, fastening it from below. Then they closed the stairway door leading to the attic from the upper story and departed.

Meanwhile the family had missed Haver but thought he had gone for a walk. When night came and he did not return, the police were appealed to and search for him began. It was feared that he had wandered to the lake and had fallen in because of his weakened condition. [illegible]

WINGFIELD HESITATES TO DON COVETED TOGA

RENO, July 1.—Although handed the appointment of United States Senator on a silver platter by Governor Oddie on June 11, George Wingfield, the mining king of Nevada, has neither accepted nor rejected the appointment, and states that he has not as yet made up his mind. All of which is worrying the politicians of Nevada, who now believe Wingfield will decline the appointment in order to enter the campaign two years hence in opposition to Senator Newlands.

Wingfield is a Republican, while Newlands is a Democrat. It is feared that with the appointment of a Republican at this time the people of Nevada under the preferential primary would ratify the Governor's choice and Wingfield would be the strongest Republican in the state to be pitted against Senator Newlands. Wingfield's decision will probably be announced this week, possibly Tuesday.

PREDICTS ANOTHER VOLCANO OUTBREAK

Professor Perret Says Italy Will Soon Be Visited by Catastrophe.

BOSTON, Mass., July 1.—Professor Frank Alvord Perret of the department of geology at the Massachusetts Institute of Technology, predicts that Italy will soon be visited by another catastrophe. He foretold the eruption of Mount Aetna in 1910. After the eruption of 1906 the King of Italy decorated him. Since then he has remained within the zone of volcanic activity, coming to Boston at rare intervals.

"Having devoted my life," says Professor Perret, "to the study of earth disturbances, I have through purely scientific means been able to judge approximately the time of volcanic eruptions before they occur. I believe that we may look for another eruption of Mount Aetna within three or four years.

"To learn the nature of volcanic eruption it is necessary to be at the crater at the time of eruption. For two weeks during the latest activity of Mount Aetna I suffered tortures from the terrible heat, dust and gases, and have not yet fully recovered from burns received at the edge of the seething caldron."

WOMAN IS FELLED BY BRUTAL THUG

Mrs. A. Mayer Attacked When She Discovers Burglar Sacking House.

Attacked by a brutal thug who mshe interrupted while he was searching her home at 644 Jones street, early yesterday morning, Mrs. A. Mayer, 65 years of age, was felled with several blows on the head delivered by the burglar with a heavy wooden potato masher. The woman was found by her son after the thug had escaped. Her injuries were attended at the receiving hospital.

[illegible] the aged woman occurred shortly after 4 o'clock yesterday morning, when Mrs. Mayer was awakened by the sound of somebody moving about in the house. She left her bedroom to investigate and went into the kitchen, where she switched on the electric light.

The burglar was engaged in searching the place. On seeing the aged woman standing in the doorway, he seized a heavy wooden potato masher from the table and rushed at her. Mrs Mayer attempted to speak, but the man, in a burst of rage and fear, threw himself upon her and beat her down with the weapon, landing four or five blows on her head and knocking her to the floor. Then he fled from the place.

SON FINDS MOTHER.

Aroused by the sound of the burglar running from the house, Mrs. Mayer's son left his room and searched the house to find out what was the trouble. He found his mother lying on the floor of the kitchen. She was just regaining consciousness.

After helping his mother, young Mayer gave chase to the intruder, but could find no trace of him. Mayer telephoned for the police, and a futile search of the neighborhood was made. A soft light felt hat was found in the kitchen, and an overcoat left by the thief in the adjoining yard. These clues are being investigated, but little hope is expressed that the thug will be captured.

"I awoke suddenly with the sensation of some one moving about the rooms," said Mrs Mayer, in telling of her experience. "Throwing some wraps about me, I stepped through the dining-room into the kitchen, switching on the light as I did so. The man was moving about cautiously. I asked him what he wanted, and received the blows. He had obtained a gold watch from one of the rooms."

HAVENS IS LOSER.

Harold Havens, residing at the Key Route Inn, reported to the police today that a kodak valued at $65 had been stolen from his automobile at the Oakland mole at midnight.

Albert Melder, who is visiting in San Francisco, met a stranger at the ferry building yesterday and accompanied him to this side of the bay. He told the police that he had been inveigled into a coin matching game with his new acquaintance and a third man and that he had lost $75 before the situation became ap-[illegible] when he was shaken by the pair.

L. H. Burmeister of 1030 Golden Gate avenue, San Francisco, has asked the local police to assist him in recovering a $300 motorcycle which was stolen from his home.

W. H. J. Brown Receives Sentence Attired in Suit Not His Own.

Immaculately garbed in a suit of clothes for the appropriation of which he will have to serve six months in the county jail, W. H. J. Brown, convicted by a jury, appeared before Superior Judge Harris in the criminal department this morning and received his sentence.

Louis Weiner, complaining witness, said that Brown had represented himself to him as a preacher of a West Oakland parish, receiving a salary of $75 per month. On the strength of that he ordered a frock coat, a ladies' suit and an overcoat, the total amounting to $77.50.

"I have always been a perfectly good citizen," declared Brown to the court. "But I had to have clothes in my profession. I never said I was a preacher, but an organizer."

BURGLARS GET COIN.

SAN FRANCISCO, July 1.—Burglars broke into the home of Mrs. K. O'Connor, 2560 Mission street last night, and stole $280 in coin. They ransacked the premises, throwing everything into confusion before the hiding place of the money was found.

AUTOMOBILE STOLEN.

SAN FRANCISCO, July 1.—P. Hall of 110 Frederick street, had his Chalmers automobile stolen from in front of his home last night. The car was a four-passenger machine with grey body and black hood.

Before You Buy

A man bought two lots (25x100) near Broadmoor, paying $750 each. It would take eight of these lots to equal in area a Broadmoor lot, which is a half acre. Thus this man was paying at the rate of $6000 for a half acre.

He [illegible] regretted the purchase when he learned later that he could have purchased a half acre in beautiful Broadmoor for only $2750.

And he was still more sorry when he saw Broadmoor's high-class improvements all completed, ready for building the home—paved streets, stone sidewalks, parking strips, artesian water, large sewers, gas, electricity and telephone.

And right in Broadmoor the Southern Pacific is preparing to build a station for their electric trains that will be running within two months. Broadmoor to Broadway in 20 minutes (present street car, 28 minutes), to the Ferry building, San Francisco, in 45 minutes.

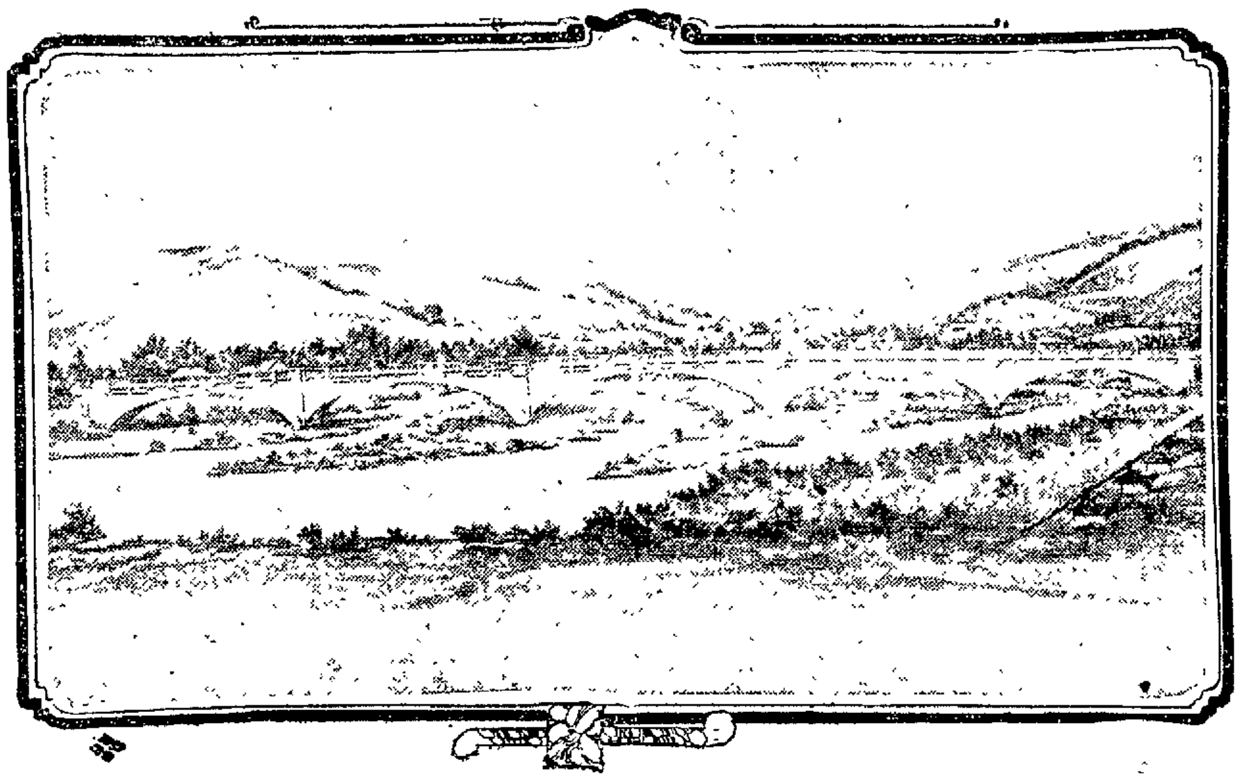
SUPERVISORS ORDER NEW BRIDGE TO BE BUILT AT NILES

STRUCTURE WILL COST IN THE NEIGHBORHOOD OF $70,000

PROPOSED NEW COUNTY BRIDGE AT NILES AND SUPERVISOR D. J. MURPHY, WHO HAS SUCCEEDED IN HAVING THE BOARD AUTHORIZE CONSTRUCTION OF THE BRIDGE.



Various Affairs Passed Upon at Session of the Board Today

The board of supervisors this morning authorized the construction of the new Niles bridge, for which Supervisor Murphy has been contending earnestly for many months.

The bridge is to be a handsome concrete structure of seven spans, costing approximately $70,000.

The necessity for such work followed the partial destruction of the old bridge by high water a year ago last fall. At that time temporary spans were constructed to replace those destroyed and the structure which is on the main highway from Oakland to San Jose, has been in this unsightly and hazardous condition ever since.

The new bridge will assist the county to have the "wishobne route" made a part of the new state highway, as it is one of the rules of the commission that no route will be accepted unless supplied with permanent bridges. The plans for the bridge were drawn by County Surveyor Perry Haviland, and the money will be paid out as a matter of emergency.

GRANTED VACATION.

Miss C. F. Sullivan, telephone exchange operator, was granted a two weeks' vacation and her substitute appointed in Miss Grace Sullivan.

OFFERS WATER TO COUNTY.

Andrew Whelton of San Leandro, notified the board by letter that he had a 34 acre tract adjoining the county infirmary which had an abundant supply of well water, which he thought could be utilized by the county to meet the present necessities of the infirmary where wells have already been ordered sunk.

In this connection, Jonathan Begg, an expert on the subject of artesian water, wrote that he had examined the infirmary ground and had discovered water sources, not at present developed, which would meet the needs of the institution.

BOOSTERS GET FUNDS.

The advertising fund of the county was tapped this morning for $2000 as follows:

Berkeley Chamber of Commerce, $500; Alameda County Elks, $150; Alameda Chamber of Commerce, $500; for Fourth of July celebration, Oakland Fourth of July Committee, $500; San Leandro Chamber of Commerce, $100, Pleasanton Driving Association, $250; total $2000.

COUNTY EXPOSITION COMMISSION.

The following communication was received and placed on file:

"To the Honorable, the Board of Supervisors, Alameda County, Cal. Sirs. The Alameda county exposition commission appointed by your honorable body on May 6, 1912, has accepted the appointment with thanks and has organized by the election of the Hon. Frank K. Mott as chairman; Frank A. Leach Jr., as vice-chairman and Paul Goldsmith as secretary.

"The commission has adopted a plan of operation and a system of accounting after consultation with the offices of the district attorney and county expert that includes a system of monthly reports to the Board of Supervisors at which time plans will be submitted and requests and requisitions will be made. After the approval of the plans submitted and proper authorization has been given the commission will then put these plans in operation. At the close of each month the commission will transmit to the Board of Supervisors a record of all transactions and all bills that have been incurred under the previous authorizations.

"Each bill will carry a complete record of the history of the transactions, full vouchers and the approval of the commission. In this way it is expected that the Board of Supervisors will be able to keep in touch with the work of the commission at all times.

"The Oakland Chamber of Commerce has kindly offered space in their building for an office for the secretary without the payment of rent and as the exhibit maintained by the county is housed in that building it seems that this would be the natural place for such an office and request is made for authority to furnish the same and to obtain the necessary stationery, books and forms to start the proposed system.

"A requisition is also made for glass necessary to maintain and improve the exhibit.

"The commission recommends the appointment of W. D. Nichols as custodian and processor of the Oakland exhibit at a salary of $200 a month and Harry A. Lane as custodian of the exhibit now maintained in Los Angeles at a salary of $125 a month and that authority be granted to continue the present arrangements with the Los Angeles Chamber of Commerce for space in their building at a rental of $60 a month until the State building in that city is completed.

THE ALAMEDA CO. EXPOSITION COMMISSION.

"By PAUL GOLDSMITH, Sec'y.

"Oakland, June 29, 1912."

The recommendations made in the communication were granted and Chairman John F. Mullins was named to represent the county on the committee.

AGED COMMITTEEMAN.

H. O. Jastro, chairman of the counties committee of California, by letter, urged that a member of the Board of Supervisors, or some other person, be appointed in behalf of Alameda county, to co-operate in the matter of raising funds to expedite the erection of a State building at the P. P. I. E. Each county is to be represented in similar manner and the entire committee will then endeavor to secure funds either by State appropriation, or some other feasible method.

LIQUOR LICENSES.

The following liquor licenses were granted today:

Manuel Silva, Warm Springs; M. J. Cavanaugh, Niles; G. Lazzarina, Newark; Manuel E. Picanco and Manuel E. Roze of Ashland.

The following applications were set for hearing three weeks from today:

LEAVE OF ABSENCE.

Daniel Sullivan, tender of the Webster street bridge, will seek a well earned rest for two weeks and W. Richards will swing the pendulum during his absence.

INFIRMARY CHANGES.

The following changes at the County Infirmary were approved:

E. Shattuck, head nurse, in place of E. Richmond; T. Sullivan, smallpox nurse; L. Martin, barracks nurse; C. Gomes, waiter in S. Zollner's place and J. Cahill, helper, in place of W. Dillon.

STREET WORK BID.

Thomas R. Russell was the only bidder for street work on E street extension, Hayward. The bid was at unit prices and was referred to the county expert.

NUNES' LICENSE.

The fight over the attempt by the Good Government club of San Leandro to revoke the saloon license of Manuel Nunes, came to a head today after many postponements.

Supporters of Nunes and his opponents crowded the chambers. The Nunes resort is just outside the corporate limits of the town. According to Sheriff Frank Barnet and the district attorney's office, the place is a rendezvous for a criminal element and Nunes has been guilty of selling liquor to boys and has otherwise misconducted himself.

Assistant District Attorney William Hynes, represented the protestants, and flayed Nunes as an undesirable citizen. Attorneys Rose and Mendenhall represented Nunes. Sheriff Barnet was the first witness. He testified that when in-[illegible] highway robbery at San Leandro, he found that the people of San Leandro felt very bitterly about the manner in which Nunes was conducting his place, and that in three cases prosecuted recently, he traced the defendants to patrons of the place.

The sheriff said that the people of San Leandro regarded it as unfortunate that the board of trustees did not have jurisdiction to close the place. According to the sheriff's testimony, three young men now in San Quentin for felonies testified that they made the Nunes place their headquarters. An affidavit was read from William Dutra, aged 17, now in San Quentin, testifying that he obtained liquor in Nunes' place, from the proprietor's son, and that on the following day he was arrested for complicity in the hold up of a San Lorenzo street car. The sheriff said emphatically the place should be closed.

Manuel F[illegible], 19 years old, of San Leandro, said that he and boys of his [illegible]

[illegible] boys and to buy beer there and take it out to the fields where he and his friends would consume it. He swore that when Nunes asked his age, he gave it as 18 and got liquor without further trouble.

Under cross-examination Fields said that he had no trouble in getting liquor at a saloon near the Sixteenth street depot though he gave his proper age.

Antone Pacheco, who went to San Leandro in '61 and never left there since, swore that he saw boys going into Nunes' place who looked only 15 years of age.

"Are you a friend of Nunes'?" asked Hynes.

"Well, sometimes," said the witness after a long pause.

William Santos, aged 18, said he got his first drink in Nunes' place, a week after his last birthday.

BOY GOT BEER.

Joe Vierra, 18 years of age, said his folks would have to furnish his birthday date. He didn't know when it was. Vierra said he never got a drink in the saloon, but that a little boy used to bring him out beer into a nearby shed, where he was peeling onions.

Joe Peralta, city marshal of San Leandro and formerly night watchman there, gave Nunes's place a bad reputation. He said that Nunes' youngest son, about 15, was accustomed to sit at the card tables with the other boys. He had arrested men badly intoxicated who had told him they had just left Nunes' place Nunes' saloon.

Manuel Nunes Jr., 23 years of age, bartender for his father, denied that he had ever sold liquor to boys under 18, or that [illegible] were ever patrons of the place.

Mrs. R. F. Rose, through an interpreter, denied that she had ever sent the constable to get her husband out of Nune's saloon.

M. Geisenhoffer, former town marshal, never saw Nunes selling liquor to boys under age, but had heard many complaints that Nunes sold liquor to town drunkards who were on the blacklist of San Leandro.

M. Victor admitted being a patron of the saloon, and admitted seeing many young boys there, "sitting around." Victor was the man who was assaulted and robbed one night two months ago after becoming drunk in Nunes' place.

Tony Raymond, whose brother is serving an eighteen-year sentence in the penitentiary for [illegible], was "going on twenty" and had tended bar there sometimes. He denied having sold liquor to boys.

William J. Locke, one of the protestants, could only testify to the general reputation of the place.

SOLD WITHOUT LICENSE.

Assistant District Attorney [illegible] took the witness stand himself finally and testified that some years ago he prosecuted Nunes for selling liquor without a license, and that a license was later granted without the knowledge of the witness.

WITNESSES IN PRISON.

The hearing was then adjourned until 2 p. m. at which time the defense put on witnesses to testify in favor of Nunes.

The district attorney's case was [illegible] disappointing in that those who could testify to having been sold [illegible] under age and to [illegible] made the place a rendezvous for [illegible] are now in state prison.

PITTED BANK ROLL AGAINST LOTTERY

Mrs. Smedberg Scored by the Court and Husband Allowed Probation.

Josephine Smedberg caused the arrest of John A. Smedberg, several weeks ago, charging that he had failed to provide for her and their two children, aged two and one years, respectively. Smedberg asked for probation before Superior Judge Wells this morning, and after listening to the wife's testimony, the request was granted, with a term of one year attached.

Plaintiff acknowledged that she had practically entered into a scheme with her husband whereby they were to pit their bank roll against that of the Chinese lotteries, with hope of big reward. When the deal did not pan out, Mrs Smedberg became disgruntled, her family did the rest and Smedberg left.

The court scored the woman in the case, and said she was as much at fault as her husband, and probably more so. Smedberg said he was willing to do everything he could for his family. As he seemed sincere, and it being shown that he did not drink or gamble with the exception of tackling the Chinese lottery, he was allowed to go on probation.

CUTTING AFFRAY RESULT OF ROW

Husband Slashed for Resenting Remarks Made in the Presence of Wife.

As a result of a quarrel started during an early morning supper about 2 o'clock yesterday, F. G. Doty of 513 Grove street is lying wounded at the Receiving hospital, suffering from several knife wounds, while J. M. Whalen, who was a boarder at the Doty home, is being detained at the city prison pending the statement by the physicians as to whether Doty's life is in danger.

The trouble is said to have risen when Whalen made some remarks in the presence of Mrs. Doty, to which Doty took exception. Doty ordered his boarder to leave the place, and when Whalen refused, the men engaged in a struggle in which Whalen is alleged to have stabbed Doty several times.

Doty was removed to the hospital, where it was found that his right ear had been almost shorn away by a slashing cut from the knife, and that he was suffering from three cuts in the cheek, one in the arm and another in the body. It is not believed that his condition will prove serious.

Whalen was arrested by Patrolman Jack Sherry. It is probable that he will not be prosecuted, as arrangements are being made for him to pay the hospital expenses of Doty and any losses Doty may sustain from injuries which keep him from work.

STEVEDORE GOES TO DEATH IN BAY

Man Is Drowned Off End of Long Wharf While Intoxicated.

A San Francisco stevedore named Murphy was drowned this morning off the end of the Long wharf. Whether his death was accidental or due to suicide has not been determined. The body has not been found.

Murphy came to this side early this morning to work loading the Olsen & Mahony company's steam schooner, "Olsen and Mahony." He was declared to be in an intoxicated condition and lay upon the wharf for several hours in a drunken stupor. Later, he managed to walk to the steamer where he met his death. Witnesses of the drowning declare Murphy had removed all his garments.

The man was not seen to enter the water and was first noticed splashing helplessly. He sank before aid could reach him and it is believed his body has been swept away from the vicinity by the strong tire running at that point.

GAS PLATE IS CAUSE OF BLAZE

Cottage Complete Loss as a Result of Early Morning Fire.

A gas plate left lighted on the kitchen table about four o'clock this morning caused a fire in the home of W. Stone, 1819 Rosedale avenue, which drove the family in their nightclothes from the burning structure and completely destroyed the cottage.

Stone had arisen early, and lighted the gas plate to boil some water. He went to the rear of the house to attend some cows in his stables, and the fire occurred in his absence.

The family occupied a sleeping porch at the rear of the house. They were driven to seek safety on the ground, and had no opportunity to obtain their garments. They were cared for by neighbors.

Insurance on the building amounted to $1000, and on the furniture to $600. The place was owned by the occupant.

FORMER RAILROAD MEN TO ANSWER FOR THEFT

G. Witcher and W. R. Tyner, former switchmen of the Southern Pacific company, were held to answer before Judge George Samuels this morning on charges of the theft of several hundred pounds of brass and copper from the Oakland mole. The men were arrested 10 days ago by Officer O'Connell.

If The Price of Coffee
Would Double Again
All The Better!

The price of coffee has doubled in three or four years.

And this, despite production has doubled in that time.

The reason for the present high price of coffee was sought and it has been found that the market supply has been artificially restricted.

The Brazilian government is in the operation and participates in the profits to the extent of an export duty of three cents a pound.

And American bankers are financing the scheme.

Diabolical plot?

Outrageous conspiracy?

Perhaps!

But we do not take our pen in hand to condemn anybody concerned except COFFEE DRINKERS—to condemn them and, also, to congratulate them, both upon the present increased price and the probability that it will go higher.

It isn't exactly inspiring to see American capital finding its way to a foreign country to be used there to the end of exploiting American family pocketbooks.

However, this is not the saddest fact involved, to our way of thinking.

It is most regrettable that the consumption of coffee in this country has increased to a point to warrant manipulation of the supply.

We don't like to look upon coffee as becoming a NECESSITY to the American people, and view with alarm the activities of capital suggesting that it IS becoming a necessity.

Coffee isn't good for you.

Too much of it is positively harmful.

If the present price, doubled in four years, would double again, it would be the best thing that ever happened to the excessive coffee drinker.

He wouldn't drink as much of it.

Better yet, maybe he wouldn't drink it at all.

Just possibly you have us put down as being a bit nervy in this—coming in and sitting down beside you before the coffee pot and telling you to keep hands off.

Nevertheless, we mean well.

We are talking for your good.

You like coffee, probably, and perhaps you think it is none of our business if you drink it or if you drink all you want of it.

Babies want those pink pills that look like candy and cry if we don't let them have them.

The same pink pills, left around by careless mothers, have killed many babies.

And many grown people know as little as babies about the care of their bodies.

There are intemperate coffee drinkers the same as there are intemperate drinkers of alcoholic beverages.

One cup of coffee isn't going to prove fatal, nor two cups of coffee.

Two cups may upset your entire system, make you uneasy, restless and peevish and unfit you for best results for a day, but it will wear off after awhile the same as a whisky drunk wears off.

But bring to us a person who drinks two and three cups of coffee regularly for breakfast, or a person who drinks coffee three times a day, and we will show you a person with a bad-acting heart, a sluggish liver, a disordered stomach and a shattered nervous system.

If you don't believe us, ask your doctor.

He will tell you that coffee contains caffeine, which he gives in the smallest kind of doses for a heart stimulant.

He will tell you further that too much caffeine or too much coffee will give you a palpitating heart.

Then if you are satisfied to run the risk of having that kind of a heart, keep right on drinking all the coffee you want, and excuse us for interfering.

LAKESIDE CONCERT ATTRACTS THRONG

Steindorff Wields Baton With Accustomed Skill and Precision.

The concert given by the Oakland park band in Lakeside park yesterday afternoon proved to be one of the most successful of the season. Paul Steindorff, the veteran musical director of the Pacific coast, wielded his baton with his accustomed precision and led his bandsmen in masterly musicianship.

A crowd of about 5000 attended the concert and applauded favorite numbers. The grand selection from Puccini's "La Tosca," a favorite with Steindorff, was given a splendid rendition, and met with the approval of the audience. The Bizet "Arlesienne" suite was played with delicacy and fire. Other numbers which proved popular with the crowd were the Paderewski Menuet, the "Dream of [illegible]" by Gunel and the "Gaby Polka," by Mayeur, played as a clarinet solo by Jean Shams.

Tobacco Booth at Charity Bazaar Brings Down Wrath of W. C. T. U.

LOS ANGELES, July 1.—An incident that threatens to disrupt the society circles of Long Beach occurred last Saturday night at the Bethlehem Inn fete, given at Los Cerritos home of Mrs. George H. Bixby.

The manager of the charity affair, Mrs. A. M. Goodhue, wife of a former bank president, now at the head of the local branch of the San Pedro Lumber Company, was called to the telephone by a prominent church woman of the city and W. C. T. U. leader, and also by three preachers, and criticised for allowing the sale of tobacco and cigars in one of the booths, which was dubbed a den of iniquity. Mrs. Goodhue was scored as unchristian if she allowed it to go on.

The booth had been advertised for weeks in preparation for the fete, the proceeds of which are designed for the Bethlehem Inn, and the eleventh hour criticism is keenly felt by Mrs. Goodhue and women associated with her. They are so indignant that it is predicted that the matter will creep into social affairs during the coming club season. The fete was the society event of the week and several hundred dollars were obtained, the objectionable booth doing its share.

Woman Is Victim

PORTLAND, Ore., July 1.—In confessed emulation of the exploit of H. E. Roberts, now under trial for murder in connection with the death of two boys near here several months ago, Dan Brundridge, Guy Vaughn and Gail B. Merritt, all youths, are under arrest charged with attempting to hold up two automobiles near here early yesterday, and with wounding superficially one of the occupants.

All three boys confessed to the attempted robberies, according to Sheriff Robert L. Stevens, who with his deputies and several police, captured the boys shortly after the crime was committed.

The method followed by the wouldbe robbers was the same as in the attempted robbery with which Roberts stands charged. They stated they intended to fire over the heads of the occupants of the cars in which the woman was hurt, declared that the six occupants saved their lives by dropping to the bed of the car in response to his order when his lights "spotted" three armed men in the road a short distance away.

The members of the party included Miss Leora Stanley, who was injured; Miss Emma Johnson, W. E. Porter of Lincoln, Neb.; J. F. Slayter of San Francisco and T. Young, San Francisco. Miss Stanley stated last night that she was a victim in a similar attempted robbery while automobile riding between Seattle and Tacoma less than a year ago.

The victims of the second attempt have not been located. In fact the confession of the would-be robbers to Sheriff Stevens was the first intimation that a second crime had been attempted.

Kiss Was Strenuous

COLUMBUS, O., July 1.—"I saw him kiss my sister in her dining-room once," said Mrs. Clara B. Myers in the trial of her divorce case. "And she carried the mark on her cheek for a week."

"Did he always kiss you so hard?" inquired her lawyer.

"Before we were married he did," she said. "But after our marriage he hardly ever kissed me."

Orgie B. Myers, the husband, admitted that he might have kissed his sister-in-law "in fun," but not so ardently as to leave a mark.

Not Suffragist

CINCINNATI, July 1.—Mrs. Edward B. McLean, possessed of $75,000,000, left by her father, Thomas Walsh, mining king of Denver, was interviewed where she is staying at the Sinton hotel, with her husband, a maid, eighty-five dresses and twenty trunks.

"I don't believe in suffrage," said Mrs. McLean, very forcibly. "We ought to leave the voting and taking care of the government to the men, I think."

"And I believe in men working, even if they have means to support themselves in idleness," she added. Her husband is the rich son of John R. McLean, publisher of Cincinnati and Washington.

Will Be Goddess

NAPA, July 1.—The Eagle Cycling Club of Napa last night completed its program for the elaborate celebration to be held on the Fourth of July.

Miss Katherine Mackay won the goddess of liberty contest.

Thomas Dozier of San Francisco will be the orator. Judge H. C. Gesford will be president of the day, and Thomas Anglin will read the Declaration of Independence.

At 10:30 on the morning of July 4 there will be a splendid parade, with Company H of the N. G. C., Woodmen of the World, Eagles, Red Men and others in line. At 11:30 the literary exercises [illegible]. At 2 p. m. the Napa baseball team will play Suisun. At 8 p. m. a display of fireworks will be held at East Napa park, and at 9 o'clock a grand ball will be held at the pavilion.

FOOD FOR GIRLS

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

LILLIAN RUSSELL.
Copyright Photo by Schloss, N. Y.

A NUMBER of girls have written to me to know how milk should be taken as a diet for putting flesh on their delicate figures. Should the milk be fresh or boiled? Should it be diluted with lime water? Would a quart be enough to drink each day? Now, if my advice is worth anything, I say do not drink milk to put on flesh. I am inclined to think that milk as a diet is reducing, as I have written on the subject.

Milk diet, so far from being healthy or advisable, probably is the cause of much illness. The only way it has been successful for reducing flesh has been in cases of extremely active women who exercise a great deal. Much exercise will throw off impurities of blood and stomach, and almost any diet may be taken by such people with good effects.

Girls who wish to become plump must eat a variety of food. But one must eat with a good appetite to gain flesh, and to get that appetite one must walk some and keep in the fresh air as much as possible.

Through the summer let your fare consist of beef, mutton, or chicken broths; the broths are far better than the meats. Have the broths thickened with barley, sago or rice. Barley and the delicate preparations made from corn, pearl hominy, or farina are best for producing a healthy plumpness.

Cracked wheat, boiled three hours in plenty of water, eaten cold with berries, sugar and cream, will produce a roundness of figure, and is a different thing from the uneatable paste presented at most tables. Eat plenty of vegetables, fresh and well served. Have cream added to the cooking of peas, carrots and onions. Mashed potatoes, with butter and cream, added to them, will do wonders to a thin figure.

English women eat much watercress and many radishes. Their theory is that these give clearness to the complexion and brightness to the eyes.

Answers to Queries

LOIS—Plump hands are never as expressive as a long, slim, flexible hand, which has also more character than either the plump or the small hand, and is therefore the one to be cultivated. However, if your hands are so thin that they are absolutely scrawny, I advise you to adopt a healthful regimen which encourages flesh-making. That is the sure foundation on which to build and eventually possess shapely, well-covered knuckles. In addition to that, local application of cold creams and nourishing oils will encourage the thin layers of flesh. The general care of the hands must also be taken into consideration. Strong soaps should be avoided; their action on the skin is injurious and dries out the natural oils, which is fatal to any hand. Cosmetic gloves may also be employed, spread with glove paste. There are any number of special gloves made for this purpose. However, the ordinary thick white cotton gloves, a size larger than the hand, answer well, and should be thickly coated on the inside with the paste before they are drawn on. In addition, some of the paste should be well masaged into the hands.

I shall send you the formula for the glove paste if you will send me a stamped addressed envelope.

HELEN J.—Breathing exercises and massage are helpful for rounding out a thin neck. Deep breathing will fill out the hollow about the collar bones. Preliminary to massaging the throat, wash it thoroughly with a mild soap and warm water. Rinse thoroughly, and then lay on a small towel or cloth wrung out of warm water, and lay about the throat. As it cools, apply another. Repeat for five minutes. Then massage, starting at the base of the throat and working upward and around, describing small circles. Both hands may be used, but the right one is more satisfactory when doing it for yourself. Be sure to go well up under the ears. There are almost always hollows there. Use the finger tips only, and use gentle but firm pressure. You should use a nourishing skin food when massaging. I shall be glad to send you the formula for the skin food if you send me a stamped addressed envelope.

M. B.—I think it would be foolish for you to attempt a surgical operation. The best way would be every night when retiring and each morning on awakening to mold your nose as close together as possible with your fingers. This will gradually make your nose less flat, but it will take time. I shall be happy to send you the green soap treatment for blackheads and an excellent cleansing cream, if you will send me a stamped addressed envelope.

ADELE—The one sure cure for an oil skin is a careful diet. Fruits, salads and fresh vegetables must be substituted for pastry and sweets, and oil meats, like pork and veal must be tabooed.

The external treatment for an oily skin demands the constant use of warm water and a flesh brush—cold water is worse than useless on an oil skin. A few drops of tincture of benzoin or a little borax should be added to every basin of water used, and instead of using soap try almond meal sifted into the water.

I am sending you the formula for an astringent lotion, which is excellent for an oily complexion.

OAKLAND'S BOYS AND GIRLS

PLAYGROUND GAME IS FIERCELY CONTESTED

The game on Friday between the teams of Melrose and Franklin was decidedly the closest and most fiercely contested that has yet been played between playground teams. The game went eleven innings before Melrose had the right to say that they had the best team. In such a close game the members of both teams naturally did some star work. P. Rattazzi did creditable work at third and tallied three of the runs for his side. M. Rattazzi got three hits out of four at bat. Faber was put in as pinch hitter and brought in the winning run. McQueen gave great satisfaction as umpire. The names of the players are as follows:

Melrose—Renn, 1b.; P. Rattazzi, 3b.; Faber, lf.; Gersen, ss.; Alameda, cf.; M. Rattazzi, 2b.; M. Carl, c.; Gonzales, rf.; Rowlan, p.

Franklin—Martin, 1b.; Frost, 3b.; Dryer, cf.; Dewey, lf.; P. Dryer, ss.; Strong, rf.; Carpenter, c.; Evanier, 2b.; Tesse, p.

Friday morning the Allendale team journeyed to De Fremery, where they crossed bats with the Bantams. The game proved to be very close and exciting. It was nip and tuck from the first to the last. At the beginning of the first inning it looked as if it was a walkaway for the visitors, but the Bantams soon came through with some clever playing and stemmed the tide. Larson was the star hitter for the Allendale aggregation, while Snyder showed up well in the pitcher's box. T. Scozzafava and Gaspero showed well for De Fremery, as also did Hughes, who pitched a very remarkable game. The game after no runs had been scored for two innings by either side ended by a score of 9 to 8 in favor of the [illegible]

NEWSBOY NEARS END OF 500,000-MILE WALK

He started from St. Louis in 1897 to accomplish the feat of walking a half million miles around the globe in 18 years. He has walked [illegible] miles to date and has worn out 437 pairs of shoes. He is to end his walk at the Panama Pacific exposition in San Francisco in 1915. If he accomplishes the feat he will receive $50,000 from a St. Louis club. Rath is not allowed to work, beg, borrow or steal. He supports himself by contributions and by selling pictures of himself and his dog Teddy, which he obtained in Nome, Alaska.

ATHLETIC EVENTS TO BE PART OF 'SANE' FOURTH

Fourth of July will be observed in all the local playgrounds, where there will be a series of athletic events for the boys and folk dancing for the girls. The children have been practicing for the exercises under the direction of the playground supervisors.

The games which have been in vogue at those pleasure resorts since they were opened under the auspices of the Oakland playground Commission will be demonstrated by the youngsters. There will be volleyball, basketball, baseball and tennis contests for the girls, who are being trained by Miss Edna Davis. The boys will cross bats with rival teams.

Annually celebrations are held in the playgrounds, where hundreds of boys and girls take part in the festivities. Many novelties will be introduced by the directors of the different playgrounds, who predict that the entertainments will surpass those held in past years. The grounds will be open to the public.

FEAR DESTRUCTION OF LIBERTY BELL

Curator of Museum Says the Crack in Famous Relic Is Larger.

PHILADELPHIA, July 1.—Wilfred Jordan, the curator of the Independence Hall Museum, is authority for the statement that the Liberty Bell ought not to be removed from its resting place again, as the crack has extended for more than six inches within the last few weeks and that it shows signs of disintegration that may cause the bells to fall apart.

No one knows just when this fissure began or what caused it. Some time ago Jordan had Professor A. E. Outerbridge, the Franklin Institute metallurgist, inspect the bell, as it was then showing signs of decay, and the expert said at that time that cracks of this sort would so extend that in time they might seriously affect the metal. Sometimes when a fissure occurs it is necessary to bore a hole in the metal, and that will end the defect. The Liberty Bell has already been bored, and it is said by experts that the original defects of the makers were [illegible]

SUFFRAGE VOTE IS AWAITED ANXIOUSLY

Many Delegates Believe It Unwise to Make Issue of Question.

Officers of Federation Guests of Mrs. Phoebe Hearst at Pleasanton.

With everything ready and "supper in the oven," Oakland has hung out the latchstring and awaits the visit tomorrow of 2500 delegates from the biennial convention across the bay. For weeks the clubwomen of the east bay cities have been striving to solve the problem of cramming into a few short hours memories that will last a lifetime. SUFFRAGE QUESTION.

SAN FRANCISCO, July 1.—With this morning's session the delegates to the biennial convention of clubwomen entered into the really important questions of the conference. It is expected that, despite the protests and a vice of many respected women, the prohibition and suffrage questions will be brought up on the floor for a vote and this likely to precipitate considerable controversy.

The delegates are practically all in favor of woman's suffrage, but many of [illegible] put the entire federation and all the states represented on record. Then, too, the question of the presidency and the election of all officers will mostly come before the convention Tuesday.

The two candidates for the presidency, Mrs. Philip Carpenter of New York and Mrs. Pennypacker of Texas, did no campaigning yesterday. The Illinois delegation is putting up a strong fight for the convention in Chicago in 1914, and is finding its only rival so far in Washington, D. C.

SPECIAL CHURCH SERVICES

The [illegible] San Francisco threw wide their [illegible] invitation to the [illegible] of the General [illegible] of Women's Clubs [illegible]

[illegible] congregation that filled every seat in the church. The address was made by Dr. Luella Clay Carson, president of Mills College.

A hundred white-robed men and women, members of the choirs of San Francisco, Oakland and Berkeley and of the music department of Mills College, marched into the church at a signal from Dr. H. J. Stewart, and as they filed down the aisle to the flower-decked altar singing in measured flow the words of the processional, "Hark, Hark, My Soul," Mrs. Philip N. Moore, president of the federation; Dr. Carson, the speaker; the Rev. E. R. Dille and the Rev. Rader took their places on the dais to conduct the order of worship.

GUESTS OF MRS. HEARST.

The officers of the general federation were guests yesterday afternoon of Mrs. Phoebe Hearst as honorary president of the Woman's Board of the Panama-Pacific International Exposition. All the officers, with members of the exposition board, making a party of seventy-five, were taken to Pleasanton yesterday morning in a special train.

After being taken through the grounds of the Hacienda there, they were given a luncheon at which the general topic of discussion was exposition affairs. The officers of the convention were told what a big time is going to be held here in 1915.

By special train the members of the party were brought back to San Francisco in time to attend the special vesper services at Calvary Presbyterian church. The affair was a most delightful one.

AUTOMOBILES WANTED AT UNIVERSITY TOMORROW

THOSE who have already promised to give the use of their automobiles tomorrow to entertain visiting delegates amongst the clubwomen, or who desire now to assist in the success of the day, are requested to have their machines outside the College avenue entrance of the University grounds in Berkeley at 3 p. m. tomorrow. Machines should be lined up on the avenue facing Oakland. The clubwomen of Oakland are relying upon the chivalry of Oakland men to see that the city's guests are properly cared for.

Wingfield Refuses to Don Senatorial Toga

RENO, Nev., July 1.—In a letter addressed to Governor Tasker L. Oddie of Nevada, today, George Wingfield declined the appointment of United States Senator to succeed the late Senator Geo. S. Nixon. Wingfield states that after giving the matter due consideration he has come to the conclusion that he can best serve the state by continuing as the active head of the business interests with which he is identified. It is rumored that the senatorial appointment will be offered to W. A. Massey, former chief justice of the state Supreme Court.

W. A. Massey, former chief justice of the supreme court of Nevada and at present a practicing attorney of Reno, has accepted the appointment of United States Senator from Nevada to succeed the late George S. Nixon. This was announced by Massey today.

Massey is one of the staunchest Republicans in the State and was defeated by Governor Oddie two years ago at the primaries for the Republican gubernatorial nomination.

THIRD PARTY MOVEMENT DORMANT

President Taft Receives Word That Baby Organization Is Failure.

Progressive Senators Await Sentiment of Their Constituents.

WASHINGTON, July 1.—Roosevelt's third party movement has made no progress if the reports which have reached President Taft in the last few days indicate anything. President Taft has received word from several sources that the new party movement has fallen flat in many sections of the country and that many of the men who supported Colonel Roosevelt will support the president in the coming campaign.

Word has been received at the White House that Governor Deneen and Hadley will support the regular Republican ticket. Word has been received also that Senator Borah, one of Roosevelt's chief floor leaders at Chicago, will support the president. President Taft learned today that the published interview with Sheriff Law of Brooklyn, to the effect that the latter will support President Taft, was correct.

A report that national committeeman Ward of New York will also support the president has been received at the White House. President Taft and his advisers are claiming that before the campaign gets fully under way the defections from Roosevelt will be large, and when the campaign reaches its crisis Roosevelt will be a bad trailing third candidate.

TO HOLD CONFERENCE.

The progressive senators in Washington are soon to have a conference to determine their course in the coming campaign. They are waiting to hear the sentiment of their constituents. Some of them favor trying to support Roosevelt, while others favor supporting President Taft, with the hope of getting something definite in the way of progressive legislation with a new congress.

The following was among the telegrams received at the White House today:

Johnson City, Tenn., June 29.—To the President, Washington, D. C.: First senatorial district convention rejected resolutions today indorsing Roosevelt by a vote of 48½ to 3½. You are indorsed by the same vote.

NEW YORK, July 1.—The first step toward the organization in New York state of the new party launched in Chicago by supporters of Theodore Roosevelt was taken yesterday by City Comptroller Prendergast.

Prendergast laid the cause before the people today in an address to voters. Provisional organization, he said, will be effected without delay and permanent organization will follow as quickly as possible.

ELEVEN LAWYERS IN WILL CONTEST

Request of Mrs. Emily W. Woolweber Ignored by Legatees.

SAN FRANCISCO, July 1.—Although thrice requesting in her will that she did not desire attorneys employed or any notoriety over her estate after her death, the late Mrs. Emily W. Woolweber's wishes in this connection have been disregarded and already there are eleven lawyers engaged in contest with a prospect of five more soon to be added to the list. Mrs. Woolweber, who resided in the Ashbury Heights district, died recently, leaving an estate of $100,000. There were three wills, dated September 10, 1908. These were addressed to different legatees, nieces and nephews of the decedent. These three messages convey the wishes of Mrs. Woolweber regarding the disposal of her property.

"I hope everything will be peaceful and that there will be no lawyers."

"No lawyers necessary."

"I hope nothing of my private affairs will come before the public."

There have so far been three applications for letters of administration, and there will be two more cases involving similar property. There are now more attorneys engaged in the contest than in any other values now before the court.

REORGANIZED FORCE IS PLANNED

Acting Chief of Police Petersen Files Request With City Council.

Motorcycle Squad to Be Feature of New Bluecoat System.

With the closing of the first year under the new charter, and the probable retirement of Chief of Police Adelbert Wilson in sight, Acting Chief of Police Walter J. Petersen has filed requests with the city commissioners for appropriations for the coming fiscal year for his department which look to a radical reorganization of the entire department with a view to placing it on a basis different from that of any other department in the United States. The plans contemplated were worked out by Petersen prior to the passage of the new charter, and as the section of the charter governing the police department was practically framed by Petersen, the power to carry out his plans is contained in the charter.

With a request for a total appropriation in the budget, amounting to $382,788.13, for the fiscal year 1912-1913, just opened, Petersen includes an item for betterments and additions amounting to $93,110. This is the first time in sixteen years in which permanent betterments have been asked for the police department.

That Petersen will put into effect his plans for a radical reorganization of the department if he is given a chance is indicated by the detailed plans for changes set forth in his budget estimate submitted to Commissioner of Finance and Revenue John Forrest and Commissioner of Public Healthy and Safety Fred C. Turner this morning. The plans contemplate an ideal department to be an example of efficiency for other cities.

WANTS MOTORCYCLE SQUAD.

Petersen contemplates the creation of a *motorcycle squad* of six double-seated machines equipped for instant use and manned by expert officers. The motorcycles will have a speed of over sixty miles an hour and will be so stationed that they can be rushed at an instant's notice to any part of the city.

This is one of Petersen's pet schemes. It contemplates, by careful publicity, familiarizing the residents of Oakland with the police telephone numbers, and the instant and extensive use of telephones in summoning the police in cases of the commission of crime. The search of a patrolman wandering about an extensive residence "beat" will be discouraged, and the quick notification of the central stations that the motorcycle squad may be placed in action will be substituted.

The plan is one to conform to modern conditions, and in the opinion of Petersen will work an ultimate economy, besides reducing crimes to a minimum.

THREE NEW STATION HOUSES.

Conjoined with the *motorcycle squad* plan is that of having three new permanent buildings for the outlying districts. At present Oakland is paying high rental for insanitary shacks used as lockups. One of these is at Melrose, and the men at this station are held responsible for thirty square miles of territory, covered by a skeleton watch and an old automobile.

Petersen asks for a new station at Melrose, to be constructed of brick or concrete and to cost $10,000. He asks an appropriation of $1500 for the lot upon which to place this building.

A similar station, to cost the same amount, with a lot at a similar price, is asked for the *North Oakland district*, the station to be placed in Golden Gate.

CYCLES TO LINK STATIONS.

These two stations will cover the two great outlying divisions of the city, the East Oakland and annnexed district and the big North Oakland district. Between the two somewhere in Vernon Heights, and the *Piedmont* district, Petersen plans to place the motorcycle station to stand as a link between the two and to cover the hill districts. He asks $2000 appropriation for the lot here, but suggests that a wooden structure to cost $2500, would meet the station needs from a building point of view.

At the motorcycle station four machines will be stationed, with men in charge of the station and eight men to man the cycles. These will be equipped with first aid apparatus, and with weapons for any emergency. They will be at the call of either station and of their own.

Two additional motorcycles of high power will be provided if the Petersen plan is followed, one for the Melrose and one for the Golden Gate station.

FOR PHYSICAL FITNESS.

In the general scheme of reorganization, Petersen proposes to meet the civil service board on their own ground, and provide for physical fitness for his men. Besides equipping the Melrose and Golden Gate stations with sanitary cells, a hospital and other equipment, Petersen suggests that apparatus to fit out a the station houses [illegible] as a police [illegible] for the men of each district. It is also proposed to have similar equipment at the central station in the city hall.

MAKE ADVANCE TO MEET REBELS

Government Forces in Mexico Pass Over Mines to Give Battle.

Battle Today Will Decide Fate of Madero Administration and Revolution.

AT FEDERAL HEADQUARTERS, Consuelo, Mexico, July 1.—After discovering scores of rebel mines, the entire federal division under General Huerta advanced to within a few miles of Bachimba early today prepared to give the rebels battle later in the day.

CONSUELO, Mexico, July 1.—A battle between the federals and rebels is expected at any time. General Huerta arrived here yesterday. His column is in excellent condition. Three wagons and twenty railroad cars were found here abandoned by the rebels. The division is camped on the plains near here with the mountains rising on the west a menace to the Bachimba cannon only five miles to the north. The Conchose river lies to the south and southeast. It is believed there are two rebel cannon seven miles north of here. Scouts have been out all day and have been in contact with the rebel vanguard.

Generals Tellez and Rabago hold the vanguard, with Manzabo on the right. The other brigades are guarding the trains and artillery in the center. The work of repairing the bridges progresses rapidly, pieces of war being used in the heavy work.

10,000 MEN INVOLVED.

AT THE REBEL FRONT, Bachimba, Mexico, July 1.—The government troops advanced toward the rebel front in three columns today, from Consuelo, eight miles south of here.

During the day two armies were expected to engage in the first big battle since the rebels were defeated at Rellano, nearly four weeks ago. It is estimated that 10,000 men will be engaged on both sides.

The federal artillery with a regiment of cavalry advanced on the east side of the railroad, while farther east, about 1200 cavalry and infantry were marching.

To the west 1000 federal cavalry and light mountain artillery were being moved.

It appeared quite likely that the federal advance would stop at Del Frente, a short distance south and west of Bachimba Mountain Pass, where it was expected the government would begin shelling the rebel positions with heavy artillery while flanking column of cavalry moved up.

TERRAZAS MAKES GOOD.

CHIHUAHUA, Mexico, July 1.—Luis Terrazas Jr., heir to the many millions of General Luis Terrazas, governor of the state of Chihuahua under the Diaz regime, must himself fight at Bachimba.

Recently Terrazas declared he was ready at any time to bear a rifle in the rebel ranks. General Orozco, the rebel chief, took him at his word today, telegraphing from Bachimba to have him sent "armed and mounted" to the front.

The invitation from Orozco was delivered to Terrazas at one of his clubs. He arranged to go and tonight he will be one of the thousands facing the government troops under General Huerta. A son of Luis Terrazas Jr. fought with the rebels in the recent skirmish at La Cruz and was severely wounded.

SAN PABLO MAN JAILED UNDER SERIOUS CHARGE

RICHMOND, July 1.—Constable Gregory arrested John Mongani Saturday on a charge of felony, preferred by a woman living between this city and San Pablo avenue near Macdonald avenue. Mongani is now occupying a cell in the city jail and will be given a hearing before Judge Roth this afternoon. It is alleged that the young son of the complaining witness saved her, but little is known of the matter and the police and the parties interested are reticent until the affair can be further legally investigated.

BERKELEY TAKES GIANT STRIDES

Building Operations for Fiscal Year Shows Half Million Increase.

BERKELEY, July 1.—The new buildings in Berkeley in the fiscal year of 1911-1912 come close up to $2,000,000 in cost, the exact figure, as will be shown by the report of the building department being $1,916,0. For the fiscal year of 1910-1911 the total was $1,453,000, representing a gain of $463,400, or close to half a million dollars.

This is one of the proudest showings yet made in a single fiscal year in Berkeley. It is confidently expected by local builders and realty operators that the percentage of gain will be exceeded by no cities in the state and equaled by but few.

A geographical diagram of the new buildings represented by the $2,000,000 outlay would show that almost every block of the city not previously built up is represented. A large number of new homes of moderate price have been erected in West Berkeley as well as in the South End. In the tracts to the north and east of the city there has been a constant and tremendous development; new homes springing up in blocks, that, four years ago, were stubble fields, assessed in the city and county books as "acreage." Throughout other sections of the city, where houses were already more congested the few empty lots have been rapidly improved. The outlay for new buildings alone represents about seven per cent increase in the assessment wealth of the city.

The six months of this year, as compared with the corresponding six months of last year, show a similar increase. The new buildings from January to June, 1912, represented an outlay of $976,450. For 1911 the same six months showed a gross cost of $799,500. The building permits for the two periods numbered 447 and 33, respectively. The biggest month of this year was May, when $253,850 was invested by builders.

ALAMEDA PLANS FIVE-DAY FESTIVAL

Encinal City Will Celebrate the Fourth in the Good Old Fashion.

ALAMEDA, July 1. — Plans for the five day celebration being planned arranged by the members of the Citizens' Festival committee are complete and the rounding out of a few small details is all that remains before the celebration commences. At 7 o'clock tomorrow evening Mayor William H. Noy will press the button which will be the signal for the illumination of Park street and the festival grounds, and will deliver a short address of welcome to the visitors who will be present.

At 8:30 the public wedding will take place on Recreation square on Park street and Central avenue. A couple from Oakland have contracted to appear and be married before the audience, the ceremony being performed by Justice of the Peace Elmer Johnson.

The San Diego crew is expected to put in an appearance this afternoon and will appear on the estuary tomorrow morning for initial practice. Crews from the Dolphin, South End, Aeriel and Alameda Boating clubs are putting in long hours of practice daily and some close contests are expected on July 4th when the rowing regatta for the championship of the Pacific coast will take place. The members of the San Diego crews will be the guests of the members of the Alameda Boating club and will be quartered at the boathouse during their stay here.

Their initial practice on the course will be watched with much interest by aquatic experts who look for some brilliant work from the southerners.

U. C. CHORUS TO SING CANTATA

Gaul's "Joan of Arc" to Be Presented at Close of the Summer Session.

UNIVERSITY OF CALIFORNIA, July 1.—Under the direction of the summer session department of music the dramatic cantata, "Joan of Arc," will be presented as a final event of the school, probably at the Hearst Greek theater. Although the date has not been definitely decided, it is expected the cantata will be presented about the first of next month.

"Joan of Arc" was written by the English composer, Alfred Gaul, and upon its first presentation received applause from British critics and public alike. It has since been enthusiastically received wherever sung. It is among Gaul's later works and is written in his happiest and most expressive mood. The students who are already rehearsing for the work are loud in their praise of it.

Frederick E. Chapman, supervisor of music in the public schools of Portland, is in charge of the summer session class in choral work which is taking the lead in preparing the cantata. Other vocalists registered at the summer school have been invited to join the choruses and many have accepted. The soloists for the cantata have not yet been chosen.

The announcement that Thomas W. Surette, staff lecturer in music at Oxford University would begin his courses in the department of music two weeks from today has aroused much interest among the registered students. As single lecture tickets for his courses will also be issued, it is expected they will prove among the best attended of the session.

He is to give two courses, on "The Appreciation of Music," the other on "Musical Forms." The former will be marked by discussion of music as one of the phases of artistic and human expression. It will begin with Bach and modern periods, including Strauss and De Bussy. These lectures will be supplemented by vocal and instrumental illustrations. Mrs. Anna Miller Wood, a talented local singer, has returned from her studies in the East especially to assist in illustrating this course.

'FADS AND FOLLIES' COLUMBIA SUCCESS

Best of Dillon and King Shows Is the Bill for This Week.

"See Dillon & King's production of 'Fads and Follies' this week at the Columbia theater in Tenth street. It's the biggest, brightest, most elaborate abbreviated musical comedy Oaklanders have seen for many moons."

That's what enthusiastic playgoers who saw the spectacular offering yesterday are saying today.

Those who congregated in the cozy playhouse Sunday afternoon and evening to see this recent importation of Parisian novelties were hardly prepared for the treat in store for them. The opening number made them sit up and take notice right off the reel. They were all there to greet you, comedians, principals, Ginger girls, the quartet, and last but not least, Naydone and Lerri, the entertaining kids. "Cafe Chantant" is the name of the introductory number that served to introduce the popular company in a gorgeous array of dress-suits and evening gowns, mid pretty scenic effects. The costuming in the new show is elaborate to say the least, and becomingly worn by the bewitching chorus.

Ben T. Dillon and Will King as Mike and Ike were themselves a riot of fun. From robbing the hotel of its only titled occupant, to breaking the stock market and impersonating statuary, the monarchs of laughter were the recipients of much hearty applause. Made up to resemble marble statues the comedians in many amusing poses do a remarkable bit of comedy work. In this scene Maude Beatty as Mrs. [illegible], and Charlie Reilly as the hotel proprietor, make much of the opportunities afforded them. Frank Bonner gives a delightful character delineation of a bogus count, transformed from a waiter in a moment's notice. Miss Starr as Edith, an American girl, is well cast. Her strongest scene in which Will King, as Ike Lechinski, recognizes her as a friend from Alameda, was excellently played.

The "ragtime kids," Naydone and Lerri, are back again. With little effort they're the hit of the musical program. Together they sang "At the Ragtime Ball," and each in turn was well received, singing "In the Garden of Roses" and "Pink Petty From Peter." In their Texas Tommy dance the team was forced to respond to several encores. Clair Starr with the Ginger girls and quartet put over a winner in "I Want to Be in Dixie." Mattie Townsend proved popular singing "It's All Right in the Summer Time." "Montezuma," sung by Maude Beatty, and "On the Bo. on the Boulevard," rendered by the Misses Zabala and Hoffman, were other enjoyable selections. The quartet in blackface sang several southern melodies that delighted those in front.

There isn't much plot to "Fads and Follies," but its enough. Two millionaires in Paris at a fashionable resort conducted by a chap named Hustleford on the American plan turn the Parisian capital up-side-down by their funny antics. They appear being bent upon securing titles for their marriageable daughters, but buying stocks and impersonating fine pieces of statuary [illegible] liking. The climax is reached when the count is auctioned off to the highest bidder, and Mike and Ike are satisfied to let well enough alone.

As a whole the show is one big musical comedy surprise. There is one thing certain; nothing better has been seen in town for the same price of admission. The regular performances are announced for the week with four shows Independence day.

UNIDENTIFIED MAN VICTIM OF TRAIN

Alameda South Side Local Runs Down Laborer Walking on Loop Track.

ALAMEDA, July 1.—All efforts to determine the identity of the man killed by a south side electric train late Saturday night, near Alameda Point, have been unavailing so far. The body is at the Alameda branch morgue. An inquest will be held Wednesday morning at 9 o'clock.

The man was walking on the track. Motorman Cleaves secured a glimpse of him just as the motorcar struck him. The man was knocked down and the entire train passed over him, grinding his body in a horrible manner. A brakeman was left to guard the shapeless mass of crushed humanity while the train proceeded on to the Alameda mole where the news of the accident was sent to the Alameda branch morgue. Deputy Coroner William J. Behrns brought the body to the morgue about midnight.

The body is that of a man about 35 or 40 years of age, evidently a laborer. It was dressed in blue coat, negligee shirt, dark corduroy trousers, heavy tan shoes and cotton underwear and socks. The hair is brown. There was $1.40 in the pockets, and some tobacco and a pipe.

POLICE TO ENFORCE SANE FOURTH LAW

Ordinance Will Be Strictly Observed in Oakland, Acting Chief Orders.

Orders have been issued by Acting Chief of Police Walter J. Petersen that the "safe and sane Fourth of July" ordinance will be strictly observed in Oakland. The ordinance was passed prior to the celebration of the last Independence Day in Oakland, and was observed a year ago for the first time in Oakland. Few accidents marred the celebration of the Nation's Natal Day as a consequence.

The ordinance provides that there shall be no sale of firecrackers, fireworks or other explosives in the city of Oakland. The use of fireworks or firecrackers, or the discharge of toy pistols or of blank cartridges in revolvers is prohibited, and is made a misdemeanor punishable by fine or imprisonment or both.

Members of the police force are instructed to see that the ordinance is strictly observed next Thursday. Any violation of the law will be met with warning and immediate arrest.

FAMOUS VALLEY RANCH IS SOLD

Trahern Property on San Joaquin and Stanislaus Rivers Brings $225,000.

STOCKTON, July 1.—The well-known Trahern ranch, consisting of 6500 acres, bordering on the San Joaquin and Stanislaus rivers and considered one of the best pieces of property in the county, has been bought from Mrs. Wash Trahern by Louis Titus, a San Francisco capitalist, the purchase price being $225,000, or about $35 an acre.

The new owner has engaged Harry B. Budd, a local engineer, to prepare a plan for reclamation, and when the immense tract has been adequately safeguarded from overflow it will be worth twice the sum Titus paid for it. The improvement of the land will also protect from inundation reclamation district No. 17, which adjoins it.

TRIES TO KILL HIS RESCUERS

Would-Be Suicide Resents Efforts of Hospital Attaches to Save Him.

SAN FRANCISCO, July 1.—After attempting to kill himself by swallowing poison in a room at the Hotel Sheridan at 11 o'clock this morning, Jacob Graff drew a knife in the Emergency ambulance, tried to stab himself and attacked Steward [illegible], who endeavored to restrain him. He was finally subdued after a tussle. He also gave battle to the hospital attaches and two policemen while he was on the operating table.

Graff had been despondent over money troubles and swallowed a solution of peroxide. He was discovered and was so irate at the possibility of having his life saved that he drew a long knife he had concealed in his pocket and tried to cut his throat. The steward was standing over him with an antidote and narrowly escaped being slashed on the arm. After treatment at the hospital Graff was pronounced out of danger.

COUNCIL FACES LONG PROGRAM

Mayor Wilson Outlines Tasks for New Year Before Berkeley Board.

BERKELEY, July 1.—Today, at the beginning of the new year of administration and the second year for the present officials, Mayor J. Stitt Wilson outlined the program to be followed by the commissioners for the remainder of their incumbencies. He characterized the twelve-month just elapsed as one of success for the Socialists, calling attention in this regard to the carrying of four local elections: The mayoralty, councilmanic, charter amendment and recall. Continuing the mayor said:

"We shall start this week with a vim on the task of outlining and passing the budget. Five or six weeks will be spent in an intimate study of the city's needs. The passage of the charter amendment raising the tax minimum gives us an opportunity to satisfy some of the city's needs that have had heretofore to go unattended. In establishing the budget we have before us a preliminary report made by Commissioner of Finance John A. Wilson.

"The question of the incinerator will be before the council this week. We shall consider several sites that have been suggested and shall probably choose one of them. My report on an electric lighting plant to be owned and managed by the municipality will be made before the end of the month.

"The water district proposition for metropolitan area ownership will be one of the important subjects of consideration during the year."

CAUTION ISSUED BY FIRE CHIEF

Property Owners Requested to Have Hose Ready on Fourth of July.

ALAMEDA, July 1. — Walter Steinmetz, chief of the fire department of this city has issued a request that property owners be prepared for fire on the national holiday. He states that it will be well to clear all dry grass away from fences and buildings and that hoses and buckets be kept handy so that incipient blazes may be conquered without the necessity of calling out the department for fires whose progress could easily be arrested if attended to at the beginning.

The following alarms were turned in Saturday and Sunday:

Saturday, 11 a. m., grass fire on Webster street, between San Antonio and Encinal avenues. No damage.

Grass fire, 4:10 p. m., Park street and Clinton avenue. No damage.

Grass and fence fire, 1:05 p. m., northeast corner Caroline street and Central avenue. Damage $10 to fence.

June 30, 10:35 a. m., grass fire, Pacific avenue and Oak street. No damage.

NOTE TELLS BURGLAR WHERE COIN IS HIDDEN

BERKELEY, July 1.—When a burglar broke into the Southern Pacific company's station at Third and Delaware streets last night he was gratified to find a note lying upon the desk there which read: "Money is in ticket cabinet." It had been left there for the morning clerk by J. B. Taylor, the agent. It had been customary to leave the change from the night before in another place, but the custom happened to be changed last night. Some time after midnight a burglar broke into the office by smashing the window glass and climbing through the opening. He secured but a few dollars.

ALAMEDA LODGEMEN AT PATRIOTIC SERVICE

ALAMEDA, July 1. — The Alameda Moose, Alameda Aerie of Eagles and Grand Army men were the special guests at a patriotic service held at the First Methodist church yesterday afternoon at 5 o'clock, by the Rev. Willsie M. Martin, the pastor.

TUNEFUL COMEDY AT MACDONOUGH

Rice and Cady Are Seen in "The Composer" by Large Audiences.

"The Composer" is composing at the Macdonough this week, gathering together a number of tuneful airs and humorous lines into the attraction for the second production of Rice and Cady. In spite of a capital opening bill in "At the Fair," in which the German comedians made their debut for the summer, they have an even better vehicle for their talents in this latest offering.

The story told is in general that of a German composer in search for talent for his productions, he and his associates being shown in three different settings including a cafe in New York, the stage door of the Macdonough, and a portion of the stage. With the talent available in the Macdonough company, there is a constant succession of clever turns.

Charlie Rice has the title role, that of Professor Heinrich Schmalz," and is at his best, which his past reputation assures is good. His difficulties are humorous in the extreme and thoroughly appreciated by the comedian who seems to have had on his own account some of the difficulties which he portrays so feelingly. Even funnier is the character of "Mike Witzel," played by Rice's co-star, Cady.

The sole of "backer" of a musical comedy, Cady's role, is a dead-serious things, as many wealthy supporters of such "art" have found to their sorrow, but as played by Cady the performance is a rare bit of fun.

ATTRACTIVE MUSIC.

To Gertrude St. Claire, the prima donna, falls some of the most attractive music of the score which she sings as "Madam Melbica." Miss Alma Astor, the soubrette, also shares the musical numbers, and in addition takes part in some of the clever dances. Among these is the "Gaby Glide," without which no present-day musical comedy would be complete. In this number Matt Taylor dances with Miss Astor.

Other members of the company who have prominent parts in the cast are Dave Nowlin, E. Jake Snook, George Wells and Elsimore Fay, while the chorus has its customary important position to fill.

One of the novelties of the season promised to begin with Wednesday night will be the weekly chorus girls' contest. In this innovation, the talented members of the chorus will be given an opportunity to show what they can do in clever entertainment, as a result furnishing amusement to the audience and discovering talent to the producers. These contests are scheduled only for Wednesday evenings.

DEMAND FOR TEACHERS INCREASING IN STATE

CHICO, July 1.—Of the forty-three Normal school seniors who graduated from the Chico Normal school a few weeks ago, all but thre or four of them have been engaged to teach schools throughout California.

The position sought the student this year, instead of the student spending months and seasons seeking fitting positions. There was hardly an instance where the graduate did not have a selection of places, and all within a period of two weeks.

Here are some of the well known Chico graduates who have been placed and the schools they will teach this coming school term:

Iris Mitchell, Santa Cruz; Fayette Noblet, Nimshew; Norma Padan, Cohasset; Gladys Archer, Elberta, Sacramento county; Ella Buzzell, Madera county; Ruth Taylor, near Corning; Miss Cora Bickford, Siskiyou county; Irma Shaeffer, Gridley; Wanda Todd, Oregon; Rena Darden, Sebastopol; Malinda Goggshall and Gladys Saylor, both in Glenn county; Gwen Powell, Placer county; Lita Walton, Live Oak; Minnie Hanlon, Dunsmuir; Winfield Hughes, Los Angeles; Pearl Wood, Forest Ranch; Georgia Wilson, Red Bluff.

POLICE TO MAKE PROUD SHOWING

Property Recovered by the Department Approximates $50,000 for Year.

BERKELEY, July 1.—Police Chief Vollmer will submit to the City Council this week his annual report for the fiscal year ending with last month. The report will show approximately $50,000 worth of property recovered by his department during the year, while the amount of property stolen from Berkeley homes and stores amounted to about $18,000. Both these figures are increased over last year, the amount of recovered property being very much larger. Of the property stolen in Berkeley about one-half was recovered.

The report will show that 307 arrests were made during the year. The winter months of January, February and March as usual led in the number of arrests, over one-third of those of the year being made in these three months. The arrests by the month were as follows: July, 12; August, 27; September, 26; October, 28; November, 19; December, 25; January, 30; February, 41; March, 33; April, 23; March 22; June, 21.

Two important recommendations will be made to the council by Chief Vollmer: One that an automobile patrol wagon and ambulance be purchased; the other that extensions be made in the police alarm and signal system. The latter has already been recently largely improved, but still further improvements are desired by Chief Vollmer. The purchase of an automobile patrol he has previously recommended, and it is believed the possible increase in the tax rate will permit of the purchase being now made.

Arrests for the month of June in this city totaled 21. Of these five were for gambling and four for burglary. The others were for various crimes. The number was the lowest since last November.

HOTEL KEEPERS PLAN CO-OPERATIVE MARKET

RICHMOND, July 1.—A meeting has been called by a large number of hotel keepers, owners of restaurants, boarding houses and dining-room proprietors of this city, to be held in Druid's hall tomorrow night, for the purpose of taking steps to organize a company that will incorporate as a co-operate and open a co-operative meat market on a large scale. The hotel men and restaurant keepers believe that they are paying too much for their meats, and it is understood they have arranged with one of the largest meat market firms in Oakland to open up a meat market here in conjunction with the proposed organization on the co-operative plan. It is said that practically all of the hotels, restaurants and boarding houses in Richmond are in on the new project. It is proposed by them to also sell meat to the general public.

LARGE ATTENDANCE AT GREEK THEATER CONCERT

UNIVERSITY OF CALIFORNIA, July 1.—A crowd that quite filled the Hearst Greek theater greeted Miss Esther Louise Houck and Warren D. Allen yesterday at the opening concert of the summer half hour of music series. The series will be continued until the close of the summer session and will soon thereafter be resumed during the regular semester.

Miss Houck's beautiful contralto voice won her warm reception from the audience, as did Mr. Allen's work at the piano for him. Their program included the following:

Recitative and aria from Mendelssohn's "St. Paul," "But the Lord is Mindful of His Own," Miss Houck; Chopin's Fantasia in F minor opus 49, and Liszt's Polonaise in E, Mr. Allen; Sidney Homer's Requiem and Banjo song, Niedinger's "My Laddie" and Hugo Kaun's "Daheim," Miss Houck.

EDWARD CHAPMAN DIES FROM EFFECTS OF FALL

ALAMEDA, July 1.—Edward Chapman, who fell from the bluff in Neptune Gardens Friday night, died yesterday at the county infirmary where he was moved after treatment at the Emergency hospital. Chapman fractured his skull in the fall. He was a familiar character about the streets of Alameda for years, being a remittance man from England. Of late years he was roustabout in a Park saloon. His love of drink caused his brilliant education to count for naught. He claimed to be a member of a titled English family. He left a brother living at Kensington, England. Word has been sent to the brother. Coroner C. L. Tisdale will hold an inquest Wednesday.

Oakland Ball Team Once Again Proves Its Superiority Over San Francisco Team

OAKS AGAIN ANNEX SERIES FROM J. CAL EWING'S BUNCH

Malarkey Holds Seals Hitless for Nine Innings Before Lunch; Oaks Lambast Henley All Over Lot

With the same old ease, Oakland copped the third of three series from the Seals when they gathered the afternoon game over the bay by a score of 5 to 2 yesterday. In the morning it was a ten-inning tie between the two teams with nary a run in either column. In counting up the games played it was four won and two lost with one tied. Had the umplets that arbitrated the games been a little less hostile to our hopes and prides the series would have been five won, but boots and bobbles are made by the best of men and as Happicus didn't gain anything on we'uns we'll have to let it go at that.

Of the two games, the P. M. seance was a cinch, it being that the Oaks outclassed Billyum Reidy's gang from tap of gong until the finish. Veteran face veteran, Cyrus Parkin for the Oaks and Cack Henley for the Seals in the P. M. affair and our battle-scarred hero of the ball field romped away the leader because he allowed fewer hits that Cactus and because his team mates played bang-up ball and walloped the globe to all corners of the lot.

San Francisco was the first to break into the run column over the bay, getting a tally in the second inning. Jackson hung around long enough for the umps. to miss four which allowed Two Right Feet to meander to first. Then Bush Gedeon came through with a drie socker to the club house and one was over.

Oakland was peppering Cack's offerings nicely all through the game, but he was getting mighty good support and runs were shy. In the sixth inning Cack got it and from then on he was as easy as picking cherries in cherry time, for eight hits in the last four innings netted the Oaks five runs and the game.

MORNING SEANCE A HUMMER.

The A. M. game made history for the Coast league. First, the teams went 10 innings without a tally, while Malarkey pitched the first real no-hit game of the season. Fanning for the Seals did almost as good as Dill for the Oaks gathered but three hits from his slants. One of these came in the second inning, another in the seventh and the last in the ninth.

Off Malarkey the hit never loomed up until the 10th inning while before this but two men had managed to reach first base.

It was a great duel that the two pitchers put up and a great big crowd was on hand to see the sport. Following are the scores:

YACHT LURLINE RACES FIRST TO ANCHOR AT HONOLULU

San Diego Boat Wins California-to-Hawaii Ocean Race in 13 Days.

HONOLULU, July 1.—The yacht Lurline, Captain Harris, of the San Diego, Cal., Yacht club, dropped anchor in Honolulu harbor at 9:44 a. m. yesterday, winning the fourth biennial yacht race from Los Angeles harbor to Honolulu, the direct distance of which is 2013 miles. The yachting course is about 2600 miles.

The Lurline's time, unofficially, was 13 days, 23 hours, 16 minutes. It was her third victory, and at 10 o'clock tonight none of her competitors was in sight. The other boats were the Seafarer, Captain Morris, San Francisco, scratch boat; the Hawaii, Captain Stroud, Honolulu, 8 hours, 23 minutes, 45 seconds time allowance, and the Katoosh, Captain Ashe, Victoria, B. C., 10 hours, 38 minutes, 45 seconds. The Lurline had 7 minutes 49 seconds time allowance. She lost her topmast two days out.

Until the Lurline was sighted off Diamond Head not a word had been heard from the four yachts since they vanished over the horizon outside Los Angeles harbor two weeks ago. At that time Captain Norris, with the Seafarer, was in the lead. The best time for the distance is twelve days.

HOWARD MORROW GETS WORST OF DECISION AT EL PASO

Syracuse Miller Has Beter of Herrick But Referee Calls It a Draw.

EL PASO, Tex., July 1.—Howard Morrow of Syracuse and Jack Herrick of Chicago fought a twenty-round battle to a draw yesterday afternoon in the Juarez bull ring. The fight was the best that has yet been staged by the local club.

The decision was generally an unpopular one, as it looked like Morrow's fight almost all the way through. Morrow continually forced the fighting and had his man beaten to the ropes and about out in the thirteenth and nineteenth rounds. Herrick showed skill in the distance fighting, but all the advantage was with Morrow in the in-fighting.

Tommy Ryan was in Morrow's corner and Harry Gilmore, Jr., was in Herricks.

TRIBUNES WIN BENEFIT GAME.

Sunday, at Freeman park, the Tribunes defeated the Oakland Moose team, 9 to 0.

A nice little sum was realized out of the sale of tickets and the grounds being donated through the kindness of Mr. White, left a good balance to go to Charles Woods. Next Sunday the Tribunes will journey to Crockett.

GUNBOAT SMITH WINS.

NEW YORK, July 1. — Gunboat Smith of California knocked out Hugh McGann of Indianapolis in the second round of a scheduled 10 round bout here Saturday night. Smith weighed in at 179 pounds and McGann at 183.

DIAMOND DUST

Wuffli was on the job ready for action and went to bat for McArdle in the ninth inning but failed to do anything. He showed speed, though, in getting down to first base and will be in the line up Tuesday.

Another Record Is Established by Yankees

STOCKHOLM, Sweden, July 1.—The United States added today another line of victories by winning the Clay-bird shoot competition.

The American team took first prize and gold medal with a score of 523 out of a possible 600. Great Britain won the second silver prize and silver medal with a score of 511, while Germany was third with 510.

Catcher T. Hackett Is Dangerously Ill at Quincy

A dispatch to friends at Stockton from Quincy, Illinois, is to the effect that catcher Tom Hackett, one time of the Oaks, is dangerously ill at his home in Quincy, Ill., with rheumatism of the heart and is not expected to live.

Hackett's career on the diamond was a stormy one. While a member of the Oaks he jumped his contract with others to play outlaw baseball and while those men whose offenses were far worse than that of Hackett were reinstated he was under the ban for many years.

Recently the National Commission saw the error of their way and Hackett was given a chance at New York, but the long suspension has dulled his arm and he failed to make good.

AROUND THE BASES

For the third successive time Oakland won the series from the Seals. It was just another case of class telling. Ewing's men tried hard on several occasions but the Oaks outplayed them at all angles of the game.

* * *

In the morning game there came the claim that the umpire gave the Seals the worst of it when he called a line drive of Schmidt's foul. If such was the case it was in a measure evening up things for all week Oakland didn't get any of the close ones and when Townsend allowed Hartley to stay on first base after he had fanned out in Friday's game he gave San Francisco four runs and the game.

* * *

Patterson played left field for the Oaks all week and this much for the big fellow: He played the position as good as Hoffman ever played it and he hit the pellet a whole lot harder than has Issy since the opening of the season.

* * *

Everybody wearing an Oaks uniform in the P. M. game took one or more safe swats at the ball, except Cyrus. All told there were 13 bingles, four of which went for extra bases.

* * *

Henley tried to slip one over on the Oaks in the eighth and it cost him two runs. With two on the paths he concluded to put Gus Hetling on first via the base on balls route so that he could get Doc. Cook. Doc. fooled Henley and the rest of the fans by poling a two-bagger to center field.

* * *

Remember some time ago when a lot of the wise ones were telling us that Bill Malarkey was a five inning pitcher? Didn't look much like it when he wound up that 10 inning game with but one bingle and that after nine of the innings had rolled by.

* * *

C. Fanning pitched a great game, too, and it is but fair to hand him a little applause. He was hit a great deal harder than was Malarkey, but his team [illegible] in cutting off safeties.

* * *

The coming series will see the Hooligans and Seals as the contenders around the bay and unless the Seals can take a wonderful brace the fans can see Happy going further up the ladder. Down south the Oaks and Angels will be the contenders.

* * *

Cyrus didn't have any horseshoe yesterday. The big fellow kept pegging away and while hit for eight he managed to mix some big league baseball in between and the Seals could do little with him.

Hetling played another great game at [illegible] Wouldn't McArdle like to have him back again?

PLENTY OF ACTION ON TAP IN RING NEXT THURSDAY

Double Main Event of Oakland Wheelmen's Athletic Club Creating Vast Amount of Interest

When Matchmaker Moffitt of the Oakland Wheelmen signed Otto Berg and Sailor Ed Petrosky and Louis Rees and Tommy McFarland as a double main event for the Fourth of July at the Wheelmen's Pavilion he might not have had in mind what a great card it was, but when the demand for tickets began to pour in and the fans began to buzz he then realized that he had four millers on his program that will furnish about as good a day of boxing as a promoter could select.

Yesterday afternoon hundreds of fans crowded into Al. White's place to see Otto Berg and Louis Rees go through their training stunts and when the two boys had wound up their day of labor every fan present wanted to be counted in as those that will be present at the pavilion on the 4th.

Both boys put up dashing bouts with their sparring partners, Berg particularly and the fans were quick to notice the vast improvement in his work. That temporary lay off did him more good than harm and Berg is just as good as he ever was, in fact, he shows that he is better.

Rees has been at White's ever since he came from the south and has been doing light work each day. Up to Friday he boxed continually with Solly Burns who is to box at Coalinga on the 4th and the bouts these two put up were evidence that Rees is in excellent condition.

McFARLAND A TOUGH YOUNGSTER.

Tommy McFarland, who will toe the mark with Rees, in the semi-final of the show, is too well known around the bay to need much of an introduction. He has been a star in and out of the four round game and has met some of the best boys of the padded mitts.

A few weeks ago McFarland met and easily defeated "Red" Watson who fought Frankie Burns last Friday night. McFarland had Watson on the ropes all through the bout and at the end of the fourth round the bell is all that saved Watson from going out.

McFarland also has a 10 round draw bout with champion Ad. Wolgast and opinions were divided among the newspapermen as to which won. Tommy is at the Western club over the bay under the watchful eye of Charley Cleaver and the youngster is sparing no pains to fit himself for the bout for he realizes that a victory over Rees means a main event at the Wheelmen's club next month.

SAILOR STILL AT THE GRIND.

Over at Goat Island the Sailor man continues conditioning himself although he has little to do for his condition was perfect for last Wednesday night's bout and all he has to do is to keep from taking on additional weight.

Petroskey trained better for the coming bout than before. He is fair enough to admit that Berg is a tough boy and that he will need all of his fighting ability to get by the man from Astoria.

Wagering on the mill is 10 to 7 with the sailor the favorite, but it is expected that the San Francisco and Oakland fans will go behind Berg on the day of the mill and it is thought that betting will be even.

BALANCE OF CARD LOOKS GOOD.

Coupled with the main events are a six round contest between Frank Rome of Oakland and Ray Braughman of Petaluma and this bout is one that should produce plenty of action.

Rome is a new comer in the ranks of the short bout boys but in his every mill he has shown an inclination to fight and whether he has won or lost he has always given the fans a run for their money.

Braughman is also a game, willing youngster and the bout should be a lively one. To start the show Moffitt has a middleweight card. Jack Carroll is to hook up against Al. Ross.

JIM FLYNN THINKS HE WILL DEFEAT J. JOHNSON

Pueblo Fireman Tells Crowd at Training Camp What He Will Do Thursday.

EAST LAS VEGAS, N. M., July 1.—Stopping in the midst of a workout in his training quarters in Montezuma yesterday afternoon, Jim Flynn walked to the ropes and said:

"Ladies and Gentlemen: For many weeks I have been training for my fight with Jack Johnson next Thursday. Since coming to Las Vegas in April I have worked hard. Prior to that time I trained in Hot Springs. I am in the best condition I have ever enjoyed. If I should be so unfortunate as to lose my bout with the dusky champion you will never hear a yell from me, as I am in shape to put up the best fight there is in me. I believe I shall wrest the title from Johnson, but if I do not it will not be because I failed to do my best."

The crowd that he addressed was made up of a large number who had journeyed here by special train, automobile and buggy to observe the fireman in his last boxing practice before the Fourth of July.

Johnson also worked before a large crowd. Both the fighters put in a thorough day's work.

CLEVER MILLERS TO MIX IT FOR FANS OF NEW YORK

Johnny Coulon Will Defend Title; British Champion to Meet Mike Gibbons.

NEW YORK, July 1.—Two noteworthy boxing matches, one a championship event and the other an international affair, are on the card for New York enthusiasts this week. Johnny Coulon, holder of the bantamweight title, will meet Joe Wagner, a local boy, at the St. Nicholas Athletic Club tomorrow night. The two boys are believed to be the heaviest hitters in their division.

Sid Burns, the clever English welterweight, will face Mike Gibbons of St. Paul in Madison Square Garden tonight. Gibbons will probably have an advantage of five pounds and expects to take Burns' measure, although the latter has to his credit a twenty-round draw with George Carpenter, the welterweight champion of France.

BILLY HOGG'S METEOR IS WINNER OF YACHT RACE

For the second year in succession Billy Hogg's Meteor, with an allowance of twenty minutes, proved victorious in the race for the Hammersmith trophy under the auspices of the Corinthian Club. Should the ex-commodore's shifty craft repeat again next year the handsome trophy will be added to his personal collection of prizes won in the bay waters.

MOORE WINS HIS CASE.

CINCINNATI, Ohio, July 1.—The request of the Chicago National Club to require player C. W. Moore to repay $150 furnished him for traveling expenses from the Pacific coast was dismissed by the national baseball commission.

DR. HAMLIN IS NOT BADLY HURT

Well Known Physician Back From Chicago, Where He Suffered Mishap.

Injuries of a much less serious character than at first reported are now confining Dr. O. D. Hamlin to his room following his return home from Chicago yesterday. Instead of a broken leg, which would require weeks of inactivity, as first reported, Dr. Hamlin is suffering only from a slight fracture of the bone at the knee cap and expects to be at his office within a few days.

A RUNAWAY ACCIDENT.

The cause of Dr. Hamlin's injury was a runaway accident in Chicago on Sunday, June 16, while he was en route for Oakland. Dr. Hamlin jumped from a closed cab when the horse crashed into a pole, being struck on the right knee by a piece of wreckage while doing so. A very slight fracture, not of a serious character, and some minor hurt to the knee joint were the only injuries. Although Dr. Hamlin is at present at Providence hospital, his removal there was only made necessary to allow the opening up of the Hamlin residence, which has been closed during the absence of the family in the east. Dr. Hamlin expects to be upon crutches tomorrow and to leave for his home in a few days.

"Reports of the seriousness of my hurts," Dr. Hamlin said this morning, "were much exaggerated. They really amount to very little and I expect to be at work within a few days.

"The accident occurred while I was alone in Chicago on my way home. I left Oakland on May 25 to attend the American Medical Association convention as a delegate from California. That convention was held in Atlantic City on June 3 to 7. Following that I left my family in New York, going to Cleveland and one or two other places to visit various hospitals, arriving in Chicago on Sunday, June 16.

CAUGHT IN WRECKAGE.

"I took a closed horse cab for the railroad station to arrange for my return and was engaged in reading a newspaper, when I felt the cab begin to lurch, the speed having been increased as we started across one of the bridges over the Chicago river. I leaned out of the cab, to find the horse galloping and the cabman trying to stop the vehicle. We then began going down hill faster and faster, the cab swaying as though about to topple over. I thought of jumping, but found no place to jump, with an open sewer on one side and a high sidewalk on the other. I did not feel in the least alarmed, for I thought something would happen to straighten things out.

"Suddenly, though, the horse crashed into a pole and the whole cab collapsed. Just as it did so, I jumped away from the wreckage, but in doing so some part of it struck my right knee, and the injuries were the result. Although more or less painful, they are of little consequence and are rapidly improving."

WORDY BROADSIDE IS FIRED BY BELL

Californian Denounces Bryan for Attack on Champ Clark.

BALTIMORE, July 1.—Theodore Bell issued the following statement last night: "Bryan has designedly by indirection and language that bears a double conviction sought to destroy Clark, the foremost Democrat in America. It is the most dastardly political crime ever committed in our history and has denied the Democratic principle of majority rule. Speaker Clark is 62 years of age and his private and public life is spotless. Never has he formed any alliance with any enemy of popular government. Bryan has raised a false issue in this convention. There has never been a time when this convention had any idea of nominating a reactionary president. That issue never had any foundations until Bryan in his bitter disappointment over his defeat for the temporary chairmanship and the blighting of his secret hopes for the nomination for himself, declared that he was here battling for the people against predatory forces of the country.

"He has insulted every man in the convention and wantonly attempted to destroy the reputation of hundreds of men who have stood by his side for sixteen years. He must make good in his charges against Clark or stand condemned in the eyes of every just man.

"Clark will be vindicated by this convention. Surrounded by loyal friends who would shed the last ounce of blood in their veins for him, he will issue triumphant from this terrible battle unless American manhood fails to assert itself. For my part, I shall go to victory or down to defeat with him.

"As long as nerve and muscles last I shall fight for him as constantly as I would battle for one of my own blood. There can be no compromise where the honor of a true man is at stake.

"On the battle line tomorrow and whatever days may follow the ordeal of fire will be forced unflinchingly by men who place truth and honor above every consideration of personal safety or [illegible] preferment."

RICHMOND MINISTER ILLUSTRATES SERMONS

RICHMOND, July 1.—Special services were held in the Baptist church yesterday, of a patriotic nature and in honor of the country's flag. The morning topic was "Our Flag, or a Bit of American History," the same being accompanied by a patriotic recitation. Commencing next Sunday the pastor, Dr. Horn, will inaugurate a series of illustrated sermons and will also have illustrated songs. This is a new innovation in church work here but Dr. Horn [illegible] result in point of attendance and added interest.

C. E. DELEGATES IN PULPITS OF FRESNO

Visiting Pastors Deliver Sermons: Dr. Torrey Speaks at Mass Meeting.

FRESNO, July 1.—Yesterday's session of the twenty-fifth annual Christian Endeavor convention was marked by morning and afternoon sessions in the Fresno churches and with a well-attended evening meeting in Rowell auditorium, at which Dr. R. A. Torrey of Los Angeles delivered an address on "Personality in Service."

The convention opened shortly after 7 o'clock in Court House park with a quiet hour of prayer, which was led by Dr. L. A. McAfee of Berkeley. Later in the morning the delegates and their friends attended the different churches in the city, where special services were held in their honor. Most of the pulpits were occupied by visiting ministers. In the afternoon a session was held in the auditorium, at which the delegates were welcomed by Leo R. Duncan, president of the Fresno City Intermediate Union. Earl Grover of Los Angeles responded. Dr. Torrey's address last night was preceded by a talk by Dr. H. A. Jump of Oakland. William Shaw, general secretary of the United Christian Endeavorers, is expected in Fresno from Boston. Wednesday, the last day of the convention, will be election day.

One of the features of the convention last evening was the services held by the Endeavorers on the principal street corners of the city, after which they paraded through the main streets to Rowell auditorium. Fully 2000 young men, women and children took part in the procession. They sang as they marched.

The feature of today's session of the state Christian Endeavor convention was the big union service in the convention hall when Dr. R. A. Torrey of Los Angeles spoke on "Our Bible." Previous to this conferences were held in nearly every church in Fresno. At noon the feature was a junior picnic in the courthouse park.

This afternoon a second session was held in the convention hall at which time the annual reports of state officers and superintendents were received. Tonight many street meetings will be held, after which a united praise service will be conducted.

GOVERNMENT AND S. P. TO FIGHT

Legal Battle Over Land Valued at Half a Billion Dollars Begins.

SAN FRANCISCO, July 1.—What will probably be a bitterly fought battle in the conflict between the United States Government and the Southern Pacific railroad over the possession of 6100 acres of oil lands in Kern county, with an estimated value of $15,000,000 was begun this afternoon in the Federal building before United States Examiner Leo Longley of Los Angeles.

The trial had its beginning in Los Angeles several weeks ago, with Willis N. Mills, special assistant to United States Attorney-General George Wickersham supporting the government's case, but sensational revelations in testimony given by Charles W. Eberlin, former acting land agent for the Southern Pacific company, led to a halt in the trial to enable Mills to hurry East to consult with his chief. The second stage of the hearing was begun here, owing to the greater convenience of access to the books of the railroad company.

Back of the winning or losing of the present suit stands the winning or losing of a suit for the recovery of 175,000 acres of land in California, with a valuation approaching a half billion dollars, all of which the government claims was fraudulently filed upon by the Southern Pacific company. If the government is victorious in the present suit, the railroad must face a succession of suits, which will be aimed to deprive it of every acre of land in California which may have been fraudulently acquired. The immense value of the property at stake will force the railroad to fight the litigation to a finish.

Land Agent Eberlin will be the star witness in the hearings here, and a land lease held by the railroad and saved by chance from the fire of 1906 will be the most important exhibit.

INSTALLATION AND BANQUET OF FORESTERS

RICHMOND, July 1.—The local order of Foresters of America will hold a public installation and banquet Wednesday evening at A. O. U. W. hall which now promises to be a big affair for the members of that order and their friends and families. The installation of officers will be made by Deputy Grand Chief Ranger F. Roberts of this city, and among the delegations attending from Oakland and Emeryville will be Grand Chief Ranger F. Roberts of this city.

ANGELS DO VERY WELL IN SERIES AGAINST M'CREDIEITES

Morning Game Is Tied With Home Runs, But Angels Take Second Game.

LOS ANGELES, July 1. — Those who got up before breakfast yesterday morning to go out to Vernon, saw Rapps, weak hitter, make two home runs, and it was to his prowess alone that the Beavers had the score tied at the finish when the game was called by the time limit. Rapps surprised himself and every one else in the league. Why he should make home no one could guess, but he banged out the two yesterday, and, as he scored Butler ahead of him in the second inning with his first homer, he accounted for three runs. These were enough to keep the score tied.

The afternoon performance was a neat little affair that would have been a lot better if the Beavers had not made so many bungles. The locals got five runs, but only one of these was earned. Harkness and Leverenz were the flingers and pitched about the same kind of a game. Bad errors helped the locals win, and they were never really in danger. The scores:

Bundle of Errors by Atkins' Bunch Gave Game to Hooligan.

SACRAMENTO, July 1.—Hap Hogan's crew won a real comedy of errors from the Senators before a record crowd at Buffalo park yesterday afternoon; score, 5 to 3. Remembering the defeat of yesterday, Hogan sent Brackenridge in with a hope of making it four out of six for the series. He did not reckon on the Senators presenting him with the game, but that is what happened. Nine errors figured in three of the runs the Villagers garnered, a wild pitch figured in a fourth and in the other two walks helped the visitors around. Not one of the runs chalked up for Hogan was earned. The Senators gathered three runs which belonged to them.

Van Buren's men outhit the men from the Los Angeles suburb and gathered some of them in bunches, but the three tallies scored were not enough to make up for the number presented to the visitors. Joe Williams, a recruit who filled in right, contributed three miscues out of four chances. Two of them were costly.

Gilligan has himself to blame for the first two runs. Carlisle opened with a single, stole, went to third on an out and scored on a wild pitch. Two walks and a single in the third gave the Villagers another. A single and two errors gave them the third and two walks and a single scored the fourth. The fifth came from Kane's triple and an error by Williams.

It took a double and two singles for the Senators to score in the sixth. In the ninth two singles and a double netted two more.

The Senators lost a chance in the second when Heister missed the ball on the squeeze and Swain was caught half way between third and the plate. With the bases full and one out in the fourth the Senators could not connect safely with Brackenridge's spitters.

Heister's sensational running catch of Carlisle's long fly and the beautiful peg to O'Rourke which caught Litschi off first featured a game which otherwise was devoid of merit. The score:

LEGAL NOTICES

Important Notice to Voters of Registration

Office of John P. Cook, County Clerk, Oakland, Alameda County, California.

Notice is hereby given that in accordance with the provisions of section 1094 of the Political Code of the State of California, all voters of Alameda County must apply for re-registration in order to be able to vote at the primary election to be held on September 3, 1912, and for the general election to be held on the 5th day of November, 1912.

Owing to the fact that there is no provision of law granting assistance to the County Clerk in the registration of voters, it is important that voters should apply for registration at once, in order to expedite the work.

Such re-registration began on the first day of January and will be in progress at all times until August 3d, 1912, for the purpose of enabling voters to qualify for the primary election, after which registration will again open and continue until October 5th, 1912, for the purpose of enabling voters to qualify for the general election to be held November 5th, 1912.

The attention of voters is especially directed to the recent decision of the supreme court, in which it is held that all voters must have registered this year in order to join in the signing of any certificate of nomination in behalf of any candidates for public office to be voted for at the primary election, to be held September 3d, 1912.

Attention is further directed to the following provisions of the Political Code of the State of California, relating to registration:

Section 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost or out of his possession, which affidavit must state the place of his nativity, and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county, or city and county at the next succeeding election; provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties or cities and counties of this State, and shall produce a certificate of such registration, issued by the party authorized by law to issue such certificate, which shall recite the time and place of naturalization of such elector, such certificate shall be prima facie evidence of his naturalization. In the event that such naturalized citizen shall state in his affidavit that he was naturalized in the county or city and county in which he seeks to register, or in the event that he was previously registered within the preceding eight years within the county or city and county in which he seeks to register, and his certificate of naturalization has not been revoked, he shall not be required to produce his certificate of naturalization, nor to make such affidavit of lost certificate in lieu thereof, provided, however, that in any county or city and county where the affidavits of registration have been destroyed by fire or conflagration, or other public calamity, the above stated provision as to previous registration within the preceding eight years shall in such county or city and county, apply only for such number of years past as there shall exist a record of previous registration, and not to exceed in any event said eight years.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In all other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election. Such affidavit must be made before the county clerk or officer charged with the registration of voters, or their deputy. If any elector is absent from the county in which he claims residence, he may appear before any judge or clerk of any court of record, or notary public, or if in a foreign country, before any minister, consul, or vice-consul of the United States, and make and subscribe an affidavit as to his residence, specifying in what ward, or precinct he claims residence; that he will be necessarily and unavoidably absent from said county, or city and county, on all the days allowed by law for general registration of electors, and setting forth in such affidavit each and all the matters required by section one thousand and ninety-six of the Political Code of the State of California, and forward such affidavit, duly authenticated as above, by mail, enclosed in an envelope, addressed to the county clerk of any county, or the registrar of voters in any city and county. Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration, it shall entitle the name of such elector to be entered by the clerk in the proper register in such precinct.

5. In every case the affidavit of the party must show all the facts required to be stated in the entry on the register, except the date of the entry.

Further notice is hereby given that affidavits of registration must be sworn to before the County Clerk or his deputies and that they cannot, owing to the provisions of the registration law, be sworn before any other office.

The office of the County Clerk will be open for registration until further notice from 9 o'clock a. m. until 5 o'clock p. m. of each day, except Saturdays, on which day the office will close at 12 o'clock noon.

Dated: March 11, 1912.

SPECIAL ELECTION FOR SAN LEANDRO

Higher Saloon License and Abolition of Back Rooms to Be Advocated.

SAN LEANDRO, July 1.—Resolutions calling a special election on July 29, for a higher saloon license and the installation of transparent fronts and the abolition of back rooms and doors in liquor houses will be adopted at a special meeting of the board of city trustees tonight. The election will be held under the provisions of the initiative and referendum laws. The result is being watched with interest by communities in central California as San Leandro is the first town to hold an election on the proposition since the initiative and referendum legislation went into effect.

The saloon men and the supporters of the proposed measures, which were drawn up and presented to the trustees by the San Leandro Good Government club, are active campaigning for votes. More than 100 citizens have registered in the past month as a result of the activities. A lively fight at the polls is expected. Both sides are preparing arguments to be printed on the sample ballots that will be sent out to the electors by the city clerk. The proposed ordinances call for the raising of saloon licenses from $75 to $150 a quarter and the installation of glass fronts in all premises were liquor is sold.

Certain forces in local politics, backed by the San Leandro branch of the W. C. T. U., are circulating petitions calling for an election on local option. The petitions will be presented to the city trustees in the near future. Providing they have a sufficient number of signatures the city fathers will have no alternative but to call the election asked for. The action of the "dries" is concerning the liquor interests, who feel that is is not fair to them to hold an election on higher license while the possibility of a disestablishment measure is pending.

WHEAT MARKET PUTS IN BAD DAY

Rain and Lower Temperature Have Depressing Effect on the Pit.

CHICAGO, July 1.—Rain and lower temperatures in Western Canada had a depressing effect today on the wheat market here. Opening figures were ⅛c to ⅝@¾c lower. September started at $1.03⅝@1.04¼, a loss of ⅛@⅝c to ⅝@¾c, dropped to $1.01⅞ and rallied to $1.01⅞@1.05.

The close was at $1.04½@1.04¾ for September, 1⅞c under Saturday night.

General selling of corn resulted from the wheat weakness. Commission houses were moderate buyers. September opened a shade to ⅝@⅛c down at 72¾@73⅛c and sagged to 72⅛c.

The close was weak with September 1⅝c down at 71½@71⅝c.

Oats showed heaviness owing to fine weather in the principal producing states. September was ⅛c to ¼@⅜c off in the trades at 39⅛@39½c and later descended to 39⅛c.

Packers upheld prices in the provision pit. Initial sales varied from 2½c lower to 5@7½c advanced, with September delivery at 18.95@18.97½c for pork, 11.07½c for lard and 10.65c for ribs.

Wheat—July, $1.07⅝; September, $1.04⅛@1.04½; December, $1.05¼.

Y. W. C. A. HOLDS VESPER SERVICES UNDER TREES

Under a canopy of trees, vesper services were conducted by the members of the Young Women's Christian Association yesterday, in Mosswood park, where the devotions were led by Rev. Frank L. Goodspeed, pastor of the First Presbyterian Church of this city. "True Patriotism" was the subject of the sermon delivered by Dr. Goodspeed. In the course of his address he urged a safe and sane Fourth. He declared that the expression is more typical of the saving of mankind than its destruction.

Professor George D. Castor of the Pacific Theological Seminary of Berkeley will be the speaker next Sunday. His theme will be "The Social Message of Jesus." On July 14, Rev. Lapsley A. McAfee of Berkeley will preach on "The Economic Value of the Sabbath." Rev. Benjamin J. Brittin, pastor of the Fourth Congregational church, is scheduled to talk on "The Scientific Temperance Movement," Sunday, July 21.

SEEK ASSAILANT IN RANKS OF SOLDIERS

Brownsville Regiment Is Confined to Quarters in Effort to Find Thug.

SEATTLE, July 1.—All the negro soldiers of the Twenty-fifth infantry, "the Brownsville regiment," stationed at Fort Lawton, are confined to quarters in an effort to identify a soldier who is alleged to have attacked Mrs. F. Pratt, a white woman, in front of her home at Twenty-first avenue west, and Thomas street, Saturday night.

Mrs. Pratt said she was followed by a negro soldier about 10 30 o'clock Saturday night. In front of her home, she says, the negro seized her. She struggled to get free and he drew a razor. She grabbed the razor and in the tussle that followed she says she broke the handle and that the blade, she thinks, cut the man's hand. She screamed and he ran away. Her outer clothing was torn from her in her fight for freedom, and she tore a button from the negro's uniform.

Word was sent to the Fort and all the negro soldiers were examined for a wound in their hand, and they were ordered confined to their quarters.

Mrs. Pratt and policemen went to the fort yesterday to look for the negro who attacked her. She did not find the man, but all the soldiers will be lined up today and she will try again.

Two years ago a negro soldier attacked a woman in the inter-bay district. He was arrested, pleaded guilty and was sent to the state prison.

JEROME ACCUSED OF SHOWING SPITE

Counsel for Harry K. Thaw Makes Charge Against New York Official.

WHITE PLAINS, N. Y., July 1.—Clarence J. Shearn, counsel for Harry K. Thaw, has sent to Attorney General Carmody a telegram protesting against the alleged abuse which Attorney William Travers Jerome is making of his appointment as special counsel to oppose the release of Thaw.

Shearn in his message asserts that the "venom" and "bitterness" of Jerome's conduct are apparent to every one. He also calls attention to the alleged bad character of several of the witnesses summoned by the state.

The immediate cause of the protest, Shearn says, is the fact that Jerome, after a previous promise to the contrary, refused to allow him to examine until after the Monday session, certain important letters needed for the cross-examination today of Dr. Austin Flint, the alienist.

AUTOIST'S THROAT CUT BY BARBED WIRE FENCE

SANTA ROSA, July 1.—Ernest Laurent was thrown against a barbed wire fence last night when he guided his auto off a grade to avoid a collision. He sustained internal injuries and his throat was cut by the barbed fence until it is believed he cannot survive his injuries. Laurent and his family were coming to town when the accident occurred, and his machine went over a fifty-foot grade. Other members of the family were badly injured, but not seriously. The injured man is a prominent winemaker of this section.

ONCE MILLIONAIRE; DIES AS LABORER

Photographs of "W. E. Willians" Identified as De Larm's.

PLACERVILLE, July 1. — The last lingering doubt existing in the minds of government officials and members of Placerville commandery of the Masons that the man who died here several weeks ago under the name of W. E. Williams was Waldner E. de Larm, get-rich-quick promoter, has been dispelled by the identification of photographs of the dead man. These photographs were sent to Portland and word was received here yesterday that identification had been completed.

There are circumstances surrounding the death of the Seattle and Portland promoter that probably never will be cleared up. Somebody in Seattle evidently directed the movements of De Larm from the time he fled from Seattle, January 29, under Federal indictment at Portland, until he died in a local hospital.

Six months ago De Larm was a successful promoter of the northwest, a man of whom James J. Hill, the railroad magnate, said: "If I had known W. E. de Larm 30 years ago we would have opened heaven by this time."

At that time De Larm's personal wealth was estimated at $1,000,000. Six months later he was working as a day laborer for 35 cents an hour, hidden away in the Sierra in a construction camp, a fugitive from justice, his form gaunt and cadavorous and racked by pain, his raiment tattered and torn.

When De Larm died his personal effects were so meager that they were found crammed in one shabby imitation leather suit case. Fearing that he might die, De Larm apparently had destroyed papers or documents that would tend to hint at his identity.

In his effects was found a memorandum book, which has been carefully guarded since De Larm's death, as the government officials were anxious to get hold of it. Now that doubt as to De Larm's identity has been cleared away, those who have been keeping this book in their possession have granted access to it. No notes, observations or hopes were written down in it, yet within its covers is a story teeming with pathos; the tragic story of a once rich man's dogged but futile fight to "come back."

"KEEP STIFF UPPER LIP."

In the memorandum book was a bit of philosophy, cut from some magazine, which De Larm had adopted as his creed. It reads:

"Keep a stiff upper lip. Your fortune depends on it more than upon mere ability or money. In fact, you can win without either money or ability, if you keep a stiff upper lip.

"It is easier to think this than do it. There may be hollow cheeks at home, debts fast accumulating. When called to defend a position, your whole future may seem to hang on one man's favor. Keep a stiff upper lip.

"The beginning of your explanation may offend, another part may not be clear, and finally the whole scheme be pooh-poohed. If you are right, he or some one else will see it—in time. Don't flinch. Keep a stiff upper lip.

"In business, as in politics, men act dual parts. Despite appearances, your scheme may have been favored. Can you represent another man? That is the question. Is it safe to back you with money? Can you keep a stiff upper lip?

"Here is where most men fall down. They labor in the slavery of fear. Trust yourself. If you have a good idea, develop it. Await the occasion. Then spring it. Expect the best things. If they don't come at first, remember they will. Just keep a stiff upper lip.

"Get into the habit of doing things. Live one moment at a time. Keep a stiff upper lip."

CAPTURED AFTER CHASE ACROSS THE CONTINENT

LOS ANGELES, July 1.—After a remarkable transcontinental chase made more remarkable by the number of times in which a man, pursued by his own brother, escaped the clutches of the police without, he says, knowing they were seeking him, Frank J. Whiteside was arrested in this city yesterday. The complaint is that of his brother who lives in Boston and who claims that the alleged fugitive embezzled about $3000 from him.

Whiteside professes entire innocence of the charge. He has been going under the name of Thompson during the several weeks he has been in California. He was arrested just after arriving here from Santa Barbara, where the police barely missed him at the station. Several days ago he escaped arrest at Santa Monica by less than an hour and had equally close calls at Riverside and Long Beach.

Whiteside admitted to Detectives Belg[illegible] and Williams, who made the arrest, that he had had financial trouble with his brother, but denies that he ever took any money belonging to him.

NATIONAL ZOUAVES GATHER AT CAPITAL

SANTA CRUZ, July 1.—Capitola is a gay scene of jollity, now that the National Zouaves have arrived and set up camp for a week. Members and their families, numbering about 400, arrived yesterday with their band from San Francisco and immediately established regular military routine in Camp C. L. Tilden, named after their commander.

Last night a [illegible] was given by the Zouave band on Capitola beach. The National Zouaves are the oldest military organization in California, its history dating back to the time when they participated in the Civil War. They were formerly Company C, First Regiment, National Guards.

MOUNTAIN ASH CHOIR SINGS WAY INTO MUSICAL ANNALS

GWILYM TAFF, TENOR OF THE MOUNTAIN ASH MALE CHOIR OF WALES, NOW AT ORPHEUM.

(By LEO LEVY.)

If the Mountain Ash male choir did nothing more than refute the every-ready argument that the American vaudeville audience is willing only to countenance ragtime, the Welsh organization would be worth while. It does that.

Yesterday, at the Oakland Orpheum, the stage manager buzzed for curtain after curtain, when the recall was applied with vigor to the choir. The singers gave three encores; they bowed for ten curtain calls; the orchestra, busy with the entrance music for the next act, cut off the demands. It was a great day for Art.

Music reaches a notch near perfection when voiced by the Mountain Ash choir. Carefully blended, finely woven—call the result what you will, it is there, the result of splendid voices, carefully trained; the result of combining individual stars in a working whole, the result of inborn knowledge and appreciation.

The choir may lay claim to something else, if it cares to. Work on the stage has left no imprint on its members. Stage affectation, theatrical bluff, hypocrisy of footlight expression are strangers to these eighteen men from the island. Well-bred in appearance and simple in manners, they are a welcome relief in vaudeville.

PROGRAM IS WORTHY.

The Soldier's Chorus from "Faust" is their opening number, followed by a tenor solo, wonderfully well-sung by Harry Lewis. "Old Black Joe" and "Gypsies' Laughing Chorus" are given by the entire eighteen. Godfrey Price, in a bass solo, and a chorus arrangement of "Blue Danube Waltz" wind up the offering.

Applying adjectives with a broad brush and heaping praise with a scoop seldom does more than cheapen an act. Better that the Mountain Ash choir sing its way into your appreciation.

This much may be said: Ronair and Ward follow the choir. The couple present an act that is more than fair in its class, a jumble of Mack-Orth flippancy and tuneful jingle. The team averages well in vaudeville, yet leaves a coppery taste in the mouth with the rare flavor of the choir hanging on the palate. It is a test for vaudeville gold, and Americanized bang-bang crumbles away under the acid.

LESLIE BREEZES IN.

Bert Leslie brings back Hogan. A house painter is the gentleman, at present, abandoning society for higher forms of art. As an excuse for delivering himself of slang in gobs and the language of these United States in quantities, "Hogan the Painter" is sufficient unto the day. As a sketch apply Leslie's own words: "Back to the oven; you're not baked, you're not baked!" Leslie is as successful a laugh-creator as ever and offers for your absorption slang that is fearful and wonderful and fearfully, wonderfully awful.

Two harps and the Elliotts furnish haunting strains to the collection of music on the new bill. Mr. and Mrs. Elliott are experts on the oldest of instruments, strum some of the oldest of songs and tinkle many of the new.

Salerno, a finished juggler, harkens to the cry for "something new" and gives an act crammed with uniqueness and surprises. Kremka brothers, eccentric athletes; Jeter and Rogers, who dance and do other things on skates; and the four Ritchies with their cycles are on the new bill, each with an act above the ordinary.

TWO MOTORCYCLE SPEEDERS KILLED

Racers Meet Death at San Jose; Two Others Are Badly Hurt.

SAN JOSE, July 1.—Two motorcycle racers were killed and two others seriously injured while riding faster than a mile a minute at yesterday's race meet at the San Jose Driving park. The dead are:

Reed Orr, Sacramento Motorcycle club
W. F. Baker, San Jose Motorcycle club

The injured are: C. D. Meade, San Jose Motorcycle club, who suffered a broken collar bone and possibly internal injuries, and E. A. House, San Jose motorcycle club, injured with bruises and lacerations about the head and body.

Aizina of San Francisco was leading the eight riders in the ten-mile race, four others being bunched together an eighth of a mile behind. On the turn of the upper stretch the machine of one of the four was seen to swerve, and in an instant the three others had piled over the falling machine and rider. All four were thrown and their machines smashed and broken.

When the crowd reached the place of the accident Orr and Baker were dead and Meade and House were unconscious. The two latter are now at a local hospital. It is not expected that their injuries will prove fatal.

PRISONER DESPERATELY FIGHTS FOR FREEDOM

SAN FRANCISCO, July 1.—In an effort to make good a previously voiced threat that he never would serve out his sentence in San Quentin, Joseph H. Osborne, believed to be one of the most remarkable criminals of the day, created a sensation at Clay and Kearny streets shortly after 8 o'clock yesterday morning, when he made a desperate attempt to escape from the custody of Sheriff W. [illegible] Smith of Santa Barbara, who was escorting him to the penitentiary. The attempted escape was frustrated by the opportune arrival of Detective Sergeant James Mackey and Patrolman Louis Balletto.

Smith was taking Osborne from the City Prison, where he had been confined overnight, and had proceeded as far as Clay street when the man, taking advantage of a temporary blockade of cars, suddenly aimed a blow at the Sheriff and tried to jerk himself loose despite the handcuffs that encircled his wrists. Smith grappled with his prisoner, who, although handicapped, made a hard fight. Sergeant Mackey, going off night duty, saw the struggle and rushing to the scene and [illegible] Patrolman Balletto quickly [illegible]

Taft Delegate Dodges Politics When Friends Ask Questions.

SAN FRANCISCO, July 1.—Morris Meyerfeld, Jr., president of the Orpheum theater and realty company and a Taft delegate from the fourth congressional district from California, returned yesterday afternoon in time for the silver jubilee at the O'Farrell-street playhouse.

"Politics!" ejaculated Meyerfeld, when asked about the campaign probabilites. "Why, I don't know anything about politics, I was just a delegate to the convention and I just watched what was going on while I was there.

"E. H. Tryon has said all that could be said of the political situation. I never was a politician. Now if it's about theatrical business—but that isn't the point now. I am for Taft the same as always. So far as the situation East, West, North or South is concerned, I am a poor judge."

At the close of the Republican Convention Meyerfeld went to New York, where he conferred with his associates on personal business before returning to his home in San Francisco.

RED BLUFF SALOONS CLOSE.

RED BLUFF, July 1.—Nine saloons here closed their doors at 6 o'clock last evening, never to reopen. As many more will close on July 8, when the new dry ordinance goes into effect. The owners of those closed this evening did not deem it worth while to spend $25 for the annual internal revenue license for the Fourth of July trade only.

SON OF FORMER PREMIER ROBBED

C. H. Laurier Takes $490 Trip Along the Barbary Coast.

SAN FRANCISCO, July 1.—An excusion down the Barbary Coast, which was taken as an antidote to a cheerless sea voyage by C. H. Laurier, son of Wilfred Laurier, former Premier of Canada, cost the traveler $490. A purse containing the amount was stolen from him late Saturday night or early Sunday morning.

Laurier arrived from Seattle on the steamer City of Pueblo. His home is in Seattle and he has come to California for his summer vacation. On his arrival he registered at the Hotel Argonaut, taking apartments with a chance acquaintance of the steamer trip.

On Saturday evening they went down the Barbary Coast to view the sights. Laurier says that he enjoyed the sightseeing and did not discover that he had been robbed until he reached home alone. Sunday morning he reported the loss to the police, and gave them a description of his casual friend.
